SUMMARY

Compassionate Registered Nurse with over two years of experience in delivering quality nursing care in both home and clinical settings. Proficient in using advanced medical technology to promote patient healing and independence, while maintaining a strong focus on patient-centered care. Skilled in developing individualized care plans, implementing health interventions, and providing emotional support to patients and their families. Committed to continuous professional development and eager to contribute to a team that values meaningful healthcare. Dedicated to improving patient outcomes through effective communication, strong clinical skills, and a passion for making a positive impact in the community.

EXPERIENCE

Registered Nurse

HealthBridge Home Care 📅 January 2025 - Present 📍 Chicago, IL

Provide compassionate nursing care in diverse home settings while effectively communicating with patients and families. Facilitate coordinated care plans involving collaboration with multidisciplinary teams to ensure overall patient well-being.

- Deliver high-quality nursing services focusing on holistic patient needs.
- Establish trusting relationships with patients and their families for optimal recovery.
- Administer medications and treatments as outlined in personalized care plans.
- Educate patients and caregivers about health management and wellness strategies.

Nurse Educator

Heartland Medical Center 📅 May 2024 - December 2024 📍 Chicago, IL

Engaged with clients systematically to foster positive outcomes by educating both patients and staff. Champion effective use of nursing protocols and processes throughout varied healthcare situations.

- Conducted training sessions on best nursing practices for new staff.
- Created supportive environments that empowered patients and their families.
- Enhanced understanding of various treatment regimens among clinical teams.
- Performed regular assessments to identify changing patient needs and adjustments for treatment.

Graduate Nursing Intern

MedCare Solutions 📅 August 2023 - April 2024 📍 Chicago, IL

Participated in comprehensive patient assessments and contributed to care planning during rotations under skilled RN supervisors, furthering practical nursing capabilities.

- Assisted in daily nursing activities including vital signs monitoring and report documentation.
- Collaborated with interdisciplinary teams to enhance patient care delivery.
- Utilized electronic health records for accurate data input and updates.
- Supported implementation of discharge plans that promoted ongoing patient success.

LEADERSHIP & AWARDS

- Employee of the Month at Heartland Medical Center for outstanding patient care and supportive teamwork.
- Recognized for excellence in patient education during internship at MedCare Solutions, enhancing patient satisfaction.
