STRENGTHS

- ♥️ **Empathetic Patient Care**
Gained executive confidence while ensuring patients feel valued and understood during moments of vulnerability.
- 👥 **Collaborative Communication**
Peers often sought advice on navigating complex care situations, establishing me as a reliable resource.
- 💡 **Proactive Problem Solving**
Streamlined workflows significantly for more organized care deliveries and boosted overall morale and efficiency.
- ★ **Quality Improvement Initiatives**
Played a significant role by actively participating in projects improving patient care and operational procedures.
- 🗣️ **Focused Team Player**
Became renowned for facilitating patient forums where input was encouraged, helping fill gaps in care adequacy.

SUMMARY

Compassionate nurse with over 4 years experience delivering personalized patient care in home settings. Skilled at assessing, planning, and managing health needs using advanced technology. Focus on holistic approaches to maximize patient outcomes. Dedicated to professional growth and enhancing family involvement in care. Expertise includes collaboration with interdisciplinary teams to tailor individual care plans and provide education on health management. Deeply invested in fostering a supportive environment for patients and their families throughout the home care process. Eager to contribute skills to a dedicated team at Loyola Health Services.

EXPERIENCE

Home Care Registered Nurse

Caring Hands Home Health 📅 January 2023 - Present 📍 Chicago, IL

Lead nursing responsibilities within a home care setting, delivering personalized healthcare directly to patients. Manage care assessment, treatment planning, and patient education focused on recovery. Collaborate with multidisciplinary teams to create individualized care strategies for diverse populations. Utilize modern tracking tools and techniques to enhance patient monitoring and ensure effective adjustments are made to care as necessary.

- Provide tailored health assessments to meet individual patient needs, ensuring comfort and compliance.
- Work alongside doctors and specialists to coordinate comprehensive treatment plans that foster positive outcomes.
- Educate clients and family members on chronic disease management and preventive care, empowering them toward self-management.
- Document detailed patient interactions and care processes meticulously, maintaining adherence to healthcare standards.
- Participate in continuing education workshops to stay current with best practices and advances in home healthcare delivery.
- Proactively address any patient concerns, fostering an atmosphere of trust and clear communication.

Registered Nurse

Health First Medical Center 📅 June 2021 - December 2022 📍 Oak Park, IL

Engaged in frontline care delivery in a dynamic acute care facility, providing essential support across a variety of medical departments. Enhanced patient outcomes through quality improvement initiatives by applying nursing best practice protocols and mentorship of new staff.

- Assessed and monitored patient conditions on a continuous basis in an inpatient setting.
- Led patient education initiatives promoting vital knowledge around health and wellness for diverse demographics.
- Innovated community outreach programs addressing preventive care and improved health literacy amongst local populations.
- Established trusting relationships with patients, encouraging open dialogue about treatment expectations and fears.
- Implemented systematic evaluations contributing to operational efficiency and enhanced care delivery.
- Served as a mentor for nursing interns, integrating into the workspace seamlessly to provide guidance.

Nursing Intern

Bright Futures Hospice 📅 January 2020 - May 2021 📍 Chicago, IL

Contributed vital insights through hands-on experiences during hospice rotations aimed at ensuring dignity and compassion in end-of-life care. Assisted in medication administration under supervision and engaged deeply in patient-family dialogues reflecting expectations and adjustments needed in care plans.
