EXPERIENCE

Clinical Nursing Intern

University Research Lab 📅 June 2025 - Present 📍 Evanston, IL

Serve as a Clinical Nursing Intern in a university setting focused on enhancing patient care protocols. Facilitate assessment procedures and skill development while improving operational efficiency within simulated environments.

- Conducted comprehensive patient assessments focusing on gathering vital health information and contributing to individualized care strategies.
- Managed medication schedules efficiently while educating patients about treatment protocols effectively.
- Utilized electronic medical records systems adeptly to ensure precise documentation of patient interactions.
- Participated actively in interdisciplinary team meetings, collaborating for optimal patient outcomes.
- Supported training initiatives for incoming interns by sharing best practices in clinical procedures and documentation.
- Developed educational materials aimed at chronic condition management, increasing patient understanding as shown in follow-up surveys.

Nursing Project Developer

Student Innovation Lab 📅 January 2025 - May 2025 📍 Skokie, IL

- Team Leadership
- Critical Thinking
- Time Management
- Relationship Building
- Empathy
- Care Coordination

LANGUAGES

MY CAREER

Engaged as a Nursing Project Developer, working closely with peers to improve nursing practices through research and simulation. Focused on enhancing clinical skills related to wound care and communication strategies.

- Collaborated in designing and executing projects centered around advancing wound care management methodologies.
- Spearheaded research regarding IV therapy practices and disseminated findings to classmates, leading to highly positive faculty feedback.
- Participated in simulations replicating real-life patient scenarios, significantly enhancing clinical assessment capabilities.
- Gathered constructive feedback from colleagues during practice scenarios to refine communication techniques.
- Applied OASIS assessment tools in practical exercises, laying groundwork for future field application.
- Authored an analytical report discussing effective communication in nursing, fueling academic debates.

LEADERSHIP & AWARDS

- Dean's List, University of Illinois, 2024
- First Place, Nursing Hackathon, 2025
