SUMMARY

Dedicated and compassionate Registered Nurse with over 2 years experience in acute care settings and customer service. Demonstrated ability to engage with patients and caregivers, ensuring high-quality care and support. Expertise in coordinating patient services, providing bedside education, and facilitating transitions from hospital to home care. Strong commitment to ongoing professional development enhances patient outcomes and satisfaction. Familiarity with community healthcare initiatives enables improved service recommendations. Committed to delivering personalized care while ensuring accurate information sharing among multidisciplinary teams.

EXPERIENCE

Transitional Nurse Liaison
CareBridge Health Services

April 2025 - Present
North Chicago, IL

- Oversee patient management by collecting demographic and medical histories, ensuring smooth discharge planning and coordination of care tailored to patient needs.
- Coordinated patient care by obtaining comprehensive demographic and medical history data for seamless service delivery.
 - Introduced company services to patients and caregivers, clarifying service scope and conducting start-of-care visits.
 - Ordered necessary durable medical equipment (DME) and facilitated infusion and wound care as required.
 - Engaged in community education initiatives, hosting health fairs and educational in-services for healthcare providers.
 - Provided bedside education, arranged follow-up appointments, and communicated essential discharge data to primary care physicians.
 - Participated in discharge planning meetings, collaborating with multidisciplinary teams for safe patient transitions.

Registered Nurse
HealthFirst Medical Center

January 2025 - March 2025
Evanston, IL

- Delivered compassionate nursing care in a fast-paced acute environment, focusing on patient assessments and effective care plan implementation.
- Managed patient assessments and formulated care plans leading to optimized health outcomes.
 - Collaborated with various healthcare professionals to ensure effective communication and enhanced team performance.
 - Educated patients on discharge plans, medication management, and follow-up care processes.
 - Developed strong relationships with patients and families, fostering trust and transparency throughout healing journeys.
 - Actively participated in mentoring programs for new nursing staff, improving overall service delivery quality.
 - Maintained compliance with hospital policies to promote patient safety and care excellence.
