SUMMARY

Driven accountant with over a year of experience in financial statement preparation and budget management within healthcare settings. Specializes in Excel for data analysis, enabling accurate reconciliation and reporting. Excellent communication skills facilitate collaboration with teams and management, enhancing overall operational effectiveness. Dedicated to maintaining compliance with SFAS guidelines while contributing effectively to financial projects. Actively engaged in the continuous improvement of accounting processes, ensuring transparency and accuracy in all financial documentation. Eager to support organizational success through detailed analysis and diligent follow-ups.

EXPERIENCE

Junior Accountant

June 2025 - Present

Health Plus Accounting

Chicago, IL

As Junior Accountant, contributed to financial operations by preparing statements and departmental budgets efficiently. Collaborated with team members to ensure regulatory compliance and oversee financial trends. Supported financial decision-making through in-depth analysis and error identification.

- Assisted in preparing accurate departmental financial statements, increasing accountability among staff.
- Monitored financial data closely, maintained records that facilitated streamlined monthly reporting.
- Analyzed and reconciled discrepancies, providing clear insights that benefited manager-level decisions.
- Developed asset and capital account entries which enhanced internal documentation review processes.
- Worked hand-in-hand with internal teams during annual budgeting, influencing improved strategic financial planning.
- Ensured adherence to internal controls while documenting financial transactions appropriately.

Accounting Intern

June 2024 - May 2025

Clearview Medical Center

Chicago, IL

Internship included assisting experienced accountants in generating reports as part of departmental audits. Focused on enhancing skillsets related to balance sheet accounts and compliance audits.

- Supported senior accountants in compiling timely departmental financial reports, fostering quick budget submissions.
- Conducted analysis and reconciliations of balance sheet accounts leading to improved entry accuracy.
- Gathered necessary documents for audit preparations, ensuring compliance with internal policies throughout.
- Executed financial transaction entries meticulously, boosting efficiencies in daily accounting tasks.
- Answered procedural questions from staff by conducting thorough research on applicable accounting principles.
- Processed payments alongside the accounts payable team, verifying appropriate documentation standards were met.
