SUMMARY

Dedicated Nurse Practitioner with over five years in hospital settings, focusing on inpatient care and patient management. Excel in high-volume environments while maintaining quality standards. Skilled in managing admissions, implementing personalized care plans, and collaborating within multidisciplinary teams for optimal patient outcomes. Experience encompasses ICU functions, utilizing evidence-based approaches to enhance recovery times. Passionate about delivering compassionate, thorough healthcare and supporting patients' journeys through complex health challenges. Eager to contribute expertise to a progressive healthcare team, fostering excellence and innovation in patient care.

EXPERIENCE

Hospitalist Nurse Practitioner

Cascade Medical Center 📅 January 2023 - Present 📍 Cascade County, MT

Employed as a Hospitalist Nurse Practitioner focusing on inpatient coverage. Responsible for comprehensive patient assessments, treatment plan implementation, and collaboration with healthcare professionals across disciplines. Streamlined operations resulting in efficient care delivery, engaging daily in advanced clinical practices.

- Manage an average patient census of 25, ensuring effective allocation of resources.
- Lead admission processes averaging 5-8 per day, collaborating closely with physicians for optimal care.
- Implement individualized care plans within an open ICU setting, responding swiftly to critical needs.
- Drive evidence-based methods aimed at enhancing health outcomes and reducing patient stays.
- Facilitate interdisciplinary rounds, contributing to effective communication among caregivers.
- Deliver educational sessions to patients and families on health maintenance and best practices.

Nurse Practitioner

River Valley Health 📅 June 2020 - December 2022 📍 Great Falls, MT

Provided comprehensive nursing care in a dynamic outpatient environment, emphasizing chronic disease management and preventive health strategies. Collaborated with diverse clinical teams to enhance patient engagement.

- Developed patient-centered care strategies leading to improved overall satisfaction rates.
- Engaged in ongoing training for medical staff, significantly improving clinic performance.
- Conducted health education seminars, equipping patients with knowledge for better health outcomes.
- Utilized electronic health records effectively; streamlined documentation levels enhancing efficiency.
- Participated in initiatives with substantial effects on follow-up appointment compliance.
- Reviewed and analyzed patient data; positively influenced organizational policies on care delivery.

Graduate Research Assistant

Montana State University 📅 September 2018 - May 2020 📍 Bozeman, MT

Focused on researching healthcare models in rural areas, contributing valuable insights into nurse practitioners' roles. Played a significant part in project leadership and coordination duties.

- Led literature review projects that reinforced understanding of healthcare delivery issues.
- Collaborated on national presentations that disseminated research-related findings.
- Produced community-oriented educational materials that promoted health resource awareness.
- Analyzed data that led to publications in peer-reviewed journals.
- Managed multiple project timelines efficiently ensuring goals were consistently met.
- Built relationships with local providers, informing study design with relevant field input.

STRENGTHS

- 👤 **Patient Care Management**
Expertly managed patient loads in fast-paced settings by prioritizing immediate care needs and enhancing service delivery.
- 💬 **Adaptive Communication**
Skilled in conveying complicated medical information in relatable terms, increasing patient comprehension and participation.
- 👥 **Team Collaboration**
Actively promote teamwork, frequently bringing together diverse professionals to achieve common objectives, resulting in smoother care transitions.
- 📖 **Clinical Education**
Provided continuous learning opportunities for both staff and patients, cultivating an informed healthcare community committed to ongoing improvement.
- 🛡️ **Evidence-Based Practices**
Advocated for and implemented protocols to streamline procedures and enhance patient outcomes, showcasing dedication to best practices.
