

STRENGTHS

- Data Reconciliation

Large Excel extracts became easier to review through structured lookups, pivots, and exception checks.
- Contract Analysis

Contract dates and eligibility rules guided focused investigations, helping separate source defects from interpretation issues.
- Cross Functional Coordination

Annual pricing work moved forward through clear communication with Sales, Finance, Operations, and Distribution.
- Issue Resolution

Escalated inquiries received documented answers, and verified pricing or product corrections reached downstream records.
- Commercial Reporting

Dashboards and presentations turned pricing trends and contract risks into practical recommendations for business partners.

SUMMARY

Pricing and contracts analyst with five years of experience supporting commercial pricing, **indirect channel programs**, **contract administration**, and revenue operations in regulated healthcare environments. Advanced Microsoft Excel skills support large multi source datasets, customer and product reconciliation, rebate validation, and practical commercial recommendations. Maintains pricing information across SAP and Model N, investigates contract and eligibility discrepancies, and coordinates **annual pricing changes** with Sales, Marketing, Finance, Operations, and Distribution. Builds dashboards and presentations that connect pricing behavior, contract terms, product mapping, and financial deadlines. Applies **root cause analysis** and disciplined data governance when resolving customer and sales inquiries. Ready to contribute clear analysis, reliable pricing data, and thoughtful cross functional coordination in a remote pricing operations role.

EXPERIENCE

- Senior Pricing Analyst, Indirect Channel Pricing

Cardinal Ridge Medical Products May 2024 - Present Indianapolis, IN

Leads indirect channel pricing analysis across SAP and Model N for regulated medical products. Owns reconciliation, pricing implementation, reporting, and inquiry resolution while coordinating with Sales, Marketing, Finance, Operations, and Distribution.

Analyzed **indirect channel pricing** across SAP and **Model N** for regulated medical products.

Reconciled large **Excel extracts** before close, connecting sales, contracts, rebates, and customer master records.

Investigated price exceptions through contract dates, **eligibility logic**, item mappings, and system records.

Coordinated annual pricing implementation with Sales, Marketing, Finance, Operations, and Distribution stakeholders.

Produced dashboards and presentations showing pricing trends, contract risks, and commercial recommendations.

Resolved escalated eligibility, pricing, and **product mapping** inquiries with **audit ready documentation**.

Pricing and Contracts Analyst, Healthcare Commercial Pricing

Clearwater Health Supply August 2021 - April 2024 Louisville, KY

Supported customer and product pricing operations for distributor served healthcare accounts. Built reconciliation models, validated rebates, aligned approved updates, researched billing exceptions, and corrected verified pricing and eligibility records.

Maintained customer and product pricing records for distributor served **healthcare** customers.

Built Excel reconciliation models using lookups, pivot tables, and exception review techniques.

Validated rebates and transactions against contract terms before reporting and **settlement deadlines**.

Prepared update files aligning approved changes across customer, contract, product, and **downstream records**.

Separated source data defects from contract interpretation issues in recurring **billing exceptions**.

Researched **sales** and **customer inquiries**, then corrected verified pricing and eligibility data.

PROJECTS

Indirect Channel Pricing Reconciliation 2024

Created a repeatable reconciliation approach for sales, contract, rebate, and customer data. Connected exception review with pricing validation, product mapping, and financial close preparation.
