STRENGTHS

- ♥️ **Empathy**
Skilled in creating trusting relationships through active listening and responsive care. Patients feel understood during their treatment journeys.
- 👥 **Collaboration**
Enjoy working with varied healthcare team members, often called upon for insights during complex case discussions. This promotes effective patient care.
- 🗣️ **Communication**
Communicate clearly with patients, explaining procedures and answering questions patiently. This has fostered an atmosphere of support in my roles.
- 🔄 **Adaptability**
Highly adaptable in fast-paced environments; quickly adjust workflows as patient needs change. This ability ensures consistent, high-quality care.
- 🎓 **Education Leadership**
Serve as a go-to resource for peers regarding best practices in infusion care, building team confidence in challenging situations.

- Patient Education
- Clinical Assessment
- Interdisciplinary Collaboration
- Documentation and Compliance
- Medication Administration
- Chemotherapy Management
- Patient Triage
- Quality Assurance
- Staff Mentoring
- Care Coordination
- Multidisciplinary Teamwork
- Assessment Protocols

SUMMARY

Compassionate Registered Nurse with over 5 years' experience specializing in infusion and oncology nursing. Passionate about patient-centered care and committed to maintaining the highest clinical standards. Diligently produces detailed patient assessments, executes tailored care plans, and effectively communicates with patients and families for optimal outcomes. Proven ability to educate colleagues on best infusion practices while ensuring adherence to protocols and guidelines. Currently seeking to contribute expertise at a leading outpatient oncology center, where dedication to teamwork and professional growth aligns perfectly with organizational values.

EXPERIENCE

Infusion Registered Nurse

HealthFirst Nursing Services 📅 March 2023 - Present 📍 Rockville, MD

Provide comprehensive nursing care in an outpatient infusion clinic dedicated to cancer treatment. Administer chemotherapy, manage medication side effects, and focus on improving patient education. Support staff development by fostering a learning environment and participating in training sessions on infusion techniques.

- Deliver nursing care aligning with established protocols.
- Conduct thorough assessments and oversee infusion therapy administration.
- Educate patients and families on treatment processes and potential side effects.
- Coordinate closely with multidisciplinary teams for optimal patient care.

Registered Nurse

CareWell Clinic 📅 January 2021 - February 2023 📍 Annapolis, MD

Executed patient care consistently across a high-volume oncology practice. Developed care plans based on patient needs and chronic conditions, delivering personalized treatment while monitoring reactions during infusion therapies.

- Collaborated with healthcare professionals for holistic patient management.
- Facilitated medication administration while watching for adverse effects.
- Ensured precise clinical documentation of patient interactions and treatments.
- Performed triage and scheduled follow-up appointments to monitor progress.

Registered Nurse

NurseConnect 📅 June 2018 - December 2020 📍 Hyattsville, MD

Provided critical support in managing care for oncology patients within a busy healthcare setting. Conducted assessments and documented interventions, helping optimize patient pathways according to needs.

- Creatively developed individualized patient care plans alongside physicians.
- Trained junior nurses and interns in essential infusion techniques.
- Actively participated in program improvements and quality assurance initiatives.
- Established strong relationships with peers to facilitate patient-centered care.

LEADERSHIP & AWARDS

- Recipient of the Compassionate Care Award for exemplary patient service.
- Certified Oncology Nurse (OCN) recognition from ONCC for advanced knowledge in oncology nursing.
