STRENGTHS

📁 Records accuracy

A careful review of reports and supporting files helped teams work from complete, reliable information.

🔧 Workflow organization

When priorities competed, structured tracking brought order to follow up and kept work moving.

👤 Customer service

Clear communication and patient answers helped people find useful information without added confusion.

⚙️ Process improvement

Small updates to guidance and tracking made recurring office work more consistent for colleagues.

🗨️ Stakeholder coordination

Cross team updates created shared visibility, and partners knew where decisions and next steps stood.

SUMMARY

Experienced clerk with a practical record of organizing reports, records, statements, **applications**, permits, and **related documents** through structured office procedures. Maintains accurate files, retrieves information efficiently, and supports clear communication with customers, business partners, technology teams, and operational groups. Uses reporting, analytics, documentation, and process reviews to identify risks, improve workflow consistency, and support sound operational decisions. Handles competing priorities with care, follows established review steps, and keeps information complete and current. Experience includes payment support, **public information** service, stakeholder coordination, governance documentation, and executive updates. Brings a steady service mindset, strong organization, and respect for accurate records. Ready to contribute dependable administrative support, responsive customer service, and orderly **office operations** in a public service setting.

EXPERIENCE

Intermediate Clerk, Administrative Operations

Civic Administration Services 📅 January 2022 - Present 📍 Chicago, IL

Supports administrative operations through organized reporting, documentation, stakeholder coordination, workflow reviews, and governance practices. Manages priorities across business partners, technology teams, and operational groups while preparing planning materials and executive updates. Work improves record consistency, decision support, and dependable service delivery.

- Organized business priorities through structured tracking, giving stakeholders clearer delivery visibility.
- Built **reporting** processes and maintained documentation for operational decisions and planning.
- Reviewed **records** and **analytics** for risks, opportunities, and workflow improvement areas.
- Coordinated communications across business partners, technology teams, and operational groups.
- Updated process guidance and tracking methods, improving consistency across recurring office work.
- Prepared analysis, planning materials, and executive updates for strategic initiatives.
- Supported document reviews for **completeness**, **accuracy**, and timely operational follow through.
- Maintained organized **files** and retrieved information for planning and stakeholder requests.

PROJECTS

Administrative Records Workflow 📅 2024

Improved document tracking through structured reviews, clearer reporting, and organized file practices. Work supported accurate records and smoother office coordination.

Operational Reporting Process 📅 2023

Created practical reporting steps for recurring decisions and planning updates. Project connected analytics with clearer priorities for operational partners.
