SUMMARY

Driven finance student focused on practical learning and analytical skills. Currently pursuing a Bachelor's in Finance, contributing hands-on experience from an internship at FutureTech Analytics. Offering support in budgeting, forecasting, and financial reporting alongside seasoned professionals. Eager to expand knowledge and enhance team success while facing daily business challenges. Strong attention to detail, solid communication abilities, and commitment underscore my dedication to the finance field. Looking forward to bringing an enthusiastic approach to financial planning and analysis along with valuable insights during this exciting internship.

EXPERIENCE

Finance Intern

FutureTech Analytics | June 2025 - Present | Evanston, IL

Engaged in financial planning and analysis tasks including supporting budgeting and forecasting efforts. Developed strong analytics by conducting variance assessments while collaborating extensively on financial reports for management review. Involves direct participation in treasury functions and cash management, enhancing understanding of complex financial transactions.

- Assisted preparation of budgets and forecasts showcasing robust analytical skills.
- Conducted thorough variance analysis to detect trends within financial data.
- Collaborated closely with senior analysts to produce impactful financial reports.
- Supported treasury activities such as cash management and liquidity evaluation.

Junior Financial Analyst

Greenlight Financial Group | August 2023 - May 2025 | Schaumburg, IL

Focused on analyzing significant financial data to guide decision-making processes and strategic directives. Collaborated with cross-functional teams driving efficiency in monthly and quarterly reporting while crafting financial models for predictive insights into performance trends.

- Analyzed complex financial datasets impacting major decisions and initiatives.
- Developed dynamic financial models projecting future outcomes effectively.
- Contributed to accuracy in preparing critical monthly and quarterly statements.
- Streamlined financial processes fostering improved collaboration across teams.

Finance Student Researcher

University Project | September 2022 - May 2023 | Chicago, IL
