STRENGTHS

- ♥ **Empathetic Patient Care**
Always ensured patients felt understood and cared for, making them more comfortable during challenging medical treatments.
- 👥 **Collaborative Teamwork**
Actively contributed to team discussions, finding collective solutions that improved patient outcomes and care efficiency.
- 🧠 **Critical Thinking**
Quickly assessed complex situations and made swift decisions that impacted patient health positively during stressful circumstances.
- 📖 **Strong Patient Education**
Took every opportunity to educate patients and families, boosting their confidence during treatment and improving their overall experience.
- 🔄 **Adaptability**
Thrived amid change by adjusting care practices promptly to meet evolving challenges and patient needs efficiently.

SKILLS

- Interventional Radiology
- Patient Care
- Electronic Health Records (EHR)
- Critical Thinking
- Team Collaboration
- Patient Education
- Monitoring Technologies
- Urgent Interventions
- Clinical Documentation
- Healthcare Compliance
- Quality Improvement
- Multidisciplinary Collaboration

SUMMARY

Dedicated Interventional Radiology Nurse with over 2 years of experience in high-pressure hospital environments. Proven track record of providing exceptional patient care, conducting thorough assessments, and collaborating effectively with multidisciplinary teams. Skilled in carrying out urgent interventions and documenting care accurately. It is uplifting to empower patients through education regarding their procedures while enhancing care satisfaction. Committed to continuous professional development, fostering teamwork, and excellence in achieving positive health outcomes. Looking forward to contributing expertise and compassion within a new healthcare setting.

EXPERIENCE

Interventional Radiology Nurse

Healthcare Solutions Group 📅 March 2024 - Present 📍 Springfield, IL

Serves as an Interventional Radiology Nurse, ensuring quality patient care during complex radiological procedures at a leading medical facility. Plays a crucial role in assessing patient conditions and implementing urgent clinical interventions. Actively participates in interdisciplinary collaborations, enabling effective responses in high-stakes situations.

- Provided high-quality patient care in the Interventional Radiology department, ensuring safety and comfort throughout procedures.
- Conducted comprehensive assessments utilizing advanced monitoring technologies to track vital signs.
- Collaborated with physicians and clinical staff to manage urgent interventions during complex radiological procedures.
- Accurately documented patient care and interventions in electronic health records, fulfilling compliance with hospital standards.
- Educated patients and families on procedures, expectations, and post-care requirements for enhanced understanding and satisfaction.
- Participated in departmental quality improvement initiatives, contributing to heightened patient safety and care protocols.

Registered Nurse

City Medical Center 📅 January 2024 - February 2024 📍 Chicago, IL

Contributed as a registered nurse focused on delivering patient-centered care for Interventional Radiology patients. Facilitated best practices in procedural phases and emphasized safety metrics.

- Delivered patient-centered care in the surgical unit, focusing on Interventional Radiology patients requiring detailed monitoring and care.
- Assisted in preparation and recovery phases of interventional procedures, adhering to established safety guidelines.
- Documented patient responses and progress in medical records, collaborating with healthcare teams for optimal outcomes.
- Engaged in continuous education and training sessions to remain current with advancements in Interventional Radiology.
- Coordinated with nursing staff to streamline patient flow, effectively enhancing efficiency during busy shifts.
- Provided mentorship to new nursing staff, sharing effective strategies and reinforcing a supportive environment.
