### EXPERIENCE

#### Investment Banking Analyst Intern

University Project 📅 June 2026 - Present 📍 Remote

Engaged as an Investment Banking Analyst Intern, supporting simulated M&A transactions and developing related deliverables. Responsibilities spanned building financial models, preparing presentations, conducting extensive research, and coordinating project milestones, all while working remotely.

- Developed detailed financial models to evaluate investment opportunities as part of a simulated M&A process.
- Collaborated with team members on preparing impactful pitch decks and essential transaction documentation, honing presentation competencies.
- Conducted thorough market research emphasizing industry trends and competitive analysis to enrich project insights.
- Coordinated project timelines and deliverables among peers, ensuring adherence to high-quality standards within set deadlines.
- Contributed to risk assessment discussions, focusing on compliance and regulatory matters, whilst capturing valuable insights.
- Presented comprehensive findings and analyses to professors and fellow students, earning commendations for clarity and thoroughness.

#### Financial Analysis Research Assistant

Academic Research 📅 September 2025 - May 2026 📍 New York, NY

### STRENGTHS

#### 📊 Analytical Skills

Demonstrated significant analytical prowess by converting complex data into strategic insights during multiple financial modeling exercises.

#### 💬 Effective Communication

Came out as a go-to resource for drafting client-facing documentation, known for transforming intricate details into clear narratives.

#### 👥 Collaboration

Transformation of team dynamics occurred as roles evolved; became known for fostering unity and encouraging open dialogue.

#### 🕒 Time Management

Navigating multiple projects at once honed the ability to prioritize tasks efficiently without compromising quality.

#### 🛡️ Risk Assessment Knowledge

Gained recognition for keen insights into risk mitigation strategies, enhancing project safety while meeting objectives.

## MY CAREER

● Investment Banking Analyst Intern at University Project (1 Months)

● Financial Analysis Research Assistant at Academic Research (8 Months)

Supported faculty during a critical analysis phase focused on publicly traded companies' performance metrics. Enhanced understanding of financial statistics and improved overall communication through continuous engagement and collaboration.

- Executed empirical analyses on key financial performance indicators using various financial databases and Excel.
- Drafted academic papers and presentations for conferences, substantially improving writing communication skills.
- Partnered closely with faculty to refine research methodologies, gaining insight into complex financial valuation techniques.
- Created a comprehensive database establishing benchmarks and trends across specific industries.
- Participated actively in peer review processes aimed at enriching research quality and constructive feedback.
- Recognized for contributing substantially to a research paper presented at a notable regional finance conference.

## LEADERSHIP & AWARDS

- Dean's List, Fall 2025
- First Place, University Finance Challenge, 2026

## CERTIFICATIONS

- Google Data Analytics Certificate 📅 2026
- Bloomberg Market Concepts (BMC) 📅 2026
