SUMMARY

Dynamic iOS Engineer with over 5 years of experience in developing innovative applications and enhancing user experiences. Proficient in Swift and Objective-C, committed to delivering high-quality, maintainable code. Skilled in collaborating with cross-functional teams and product managers to translate complex requirements into user-friendly applications, while staying current with mobile technologies. Worked on leading features integration and improved application performance significantly through robust coding practices and a focus on security.

EXPERIENCE

Senior iOS Developer

January 2023 - Present

Tech Innovations Inc.

Los Angeles, CA

Lead the development of consumer-grade iOS applications, focusing on user experience and performance. Collaborate with product managers and designers to shape project direction and deliverables. Implement best practices for code quality and application security, ensuring robust app performance.

- Directed the architecture of innovative iOS apps for a large user base.
- Championed collaboration across departments, enhancing product enhancements.
- Elevated code reviews to reduce technical debt and improve reliability.
- Fostered a culture of continuous improvement within the team.

iOS Developer

June 2021 - December 2022

Creative App Solutions

San Francisco, CA

Developed and enhanced features for various iOS applications, improving user engagement by integrating advanced functionalities. Collaborated with AI researchers to integrate machine learning capabilities into mobile applications, increasing overall application efficiency.

- Built features that elevated user engagement metrics substantially.
- Partnered with cross-functional teams to align app development with vision.
- Ensured high-quality standards through extensive testing prior to launch.
- Streamlined the debugging process, reducing turnaround time.

Junior iOS Developer

August 2019 - May 2021

Future Tech Labs

Seattle, WA

Assisted in developing iOS applications with an emphasis on feature implementation and gathering user feedback to refine releases further. Engaged in agile workflows to contribute effectively during sprints and deployed seamless updates across several platforms.

- Contributed directly to hikes in app performance and stability.
- Participated actively in agile methodologies, integrating scrum practices.
- Worked under senior developers to strengthen application frameworks.
- Provided insightful recommendations based on user testing analytics.

LEADERSHIP & AWARDS

- Excellence in Code Quality Award at Tech Innovations Inc. for outstanding contributions to the iOS project.
- Team Player Recognition in Creative App Solutions for exceptional cross-department collaboration.

EDUCATION

Bachelor of Science in Computer Science

2019

University of Illinois GPA: 3.8

Chicago, IL

Coursework: *Software Development, Data Structures, Algorithms, Mobile Development*

CERTIFICATIONS

- Certified iOS Developer 📅 2020
- Apple App Development Certification 📅 2021

TECHNICAL SKILLS

- **Programming Languages:** Swift, Objective-C, Java
- **Development Tools:** Xcode, Git, Jenkins

- **Frameworks:** UIKit, CoreData, Alamofire
- **Testing Tools:** XCTest, Appium, Charles Proxy
- **Project Management:** JIRA, Trello, Asana
- **Database Technologies:** Firebase, CoreData, SQLite
- **Version Control Systems:** Git, Subversion
- **Cloud Services:** AWS, Firebase
- **APIs:** REST, GraphQL, SOAP
- **UI/UX Design Practices:** Sketch, Figma, Adobe XD

SKILLS

- Swift
- Objective-C
- Java
- Mobile Application Development
- Agile Methodologies
- User Experience Design
- Cross-Functional Collaboration
- Code Optimization
- Performance Testing
- App Security Implementation
- Debugging
- Version Control
- Continuous Integration
- API Integration
- Design Patterns

PROFESSIONAL AFFILIATIONS

- Member of the International Association of Software Engineers (IASE).
- Active participant in local tech meetups and workshops.

LANGUAGES

- English (Native)
- Spanish (Intermediate)
