EXPERIENCE

Accounting Support Intern

June 2025 - Present

University Project

Springfield, IL

Contributed as an Accounting Support Intern by participating in month-end financial closes, enhancing reporting accuracy through detailed reconciliations of accounts. Engaged deeply in budget creation processes alongside a collaborative team, assisting peers in analyzing data to formulate realistic strategies and plans. Partnered with district managers to discuss metrics vital for daily decisions impacting operations. Partook in cross-functional projects that streamlined efficiencies between departments, ultimately boosting customer satisfaction and operational output.

- Participated in monthly financial close tasks by posting journal entries and reconciling accounts effectively.
- Collaborated to develop financial statements, ensuring accuracy according to established standards.
- Assisted in gathering data for the budgeting process for more reliable financial planning.
- Worked with district managers on crafting performance metrics for informed decision-making.
- Engaged in cross-departmental initiatives that created operational improvements and better customer experiences.
- Explored practical applications of billing and revenue management scenarios through project-led case studies.

Finance Research Assistant

August 2024 - May 2025

Academic Research

Springfield, IL

Served as a Finance Research Assistant dedicated to academic inquiry into financial standards and principles. Assisted faculty in conducting thorough research, which led to a publication focusing on effective accounting practices. Utilized Microsoft Excel for accurate data analysis, directly enhancing presentations delivered at various academic assemblies. Fostered opportunities for collaboration by tutoring students encountering challenges in their coursework, contributing positively to the academic community.

- Researched financial principles contributing to published works on best practices in accounting.
- Used Microsoft Excel to analyze data for accurate academic presentation outcomes.

- Helped prepare and deliver workshops at academic conferences showcasing critical research findings.
- Provided individual tutoring sessions aimed at strengthening peer understanding of complex accounting topics.
- Collaborated on an expansive budgeting project simulating forecasting or providing hands-on analytical skills.
- Established strong relationships within the academic space, nurturing team-oriented learning endeavors.
