STRENGTHS

- Team Collaboration**
Fostered an inclusive atmosphere where input spark innovation, peers always seek my perspective chasing solutions, building strong ties overcoming hurdles.
- Creative Problem Solving**
Overcame obstacles by thinking outside traditional frameworks. Contributions led discussions redirecting strategies simplifying complexities faced by teams.
- Efficient Learning**
Actively adopt new technologies making thoughtful choices reflecting quick adjustment is valued among teammates seen as resource embodying versatility.
- Innovation Advocate**
Promoted novel initiatives shaping project approaches gave teams encouragement became part of their culture encouraging thought leadership.
- Analytical Mindset**
Driven by data-energy connected insights recognize patterns transforming routine evaluations allowing risks bounded choice reality.

SKILLS

- AI Technologies
- Machine Learning
- Data Analysis
- Software Development
- Statistical Modeling
- Predictive Analytics
- Neural Networks
- Team Collaboration
- Problem Solving

SUMMARY

Enthusiastic AI Engineer eager to contribute innovative solutions at Tech Innovations LLC. With a Master's in Artificial Intelligence, extensive experience shapes outcomes across industries. Skills center on AI technology and teamwork crucial for developing projects that solve real-world challenges. A dedicated approach drives effective collaboration with cross-functional teams, educating stakeholders about AI's potential. Proven record in boosting efficiency through AI implementations reflects passion for enhancing processes and business value. Committed to leveraging technology to provide unique results while growing professionally within an inspiring environment.

EXPERIENCE

AI Engineer

Data Solutions Inc. 📅 June 2025 - Present 📍 Madison, WI

Responsible for crafting AI models that significantly enhance organizational efficiency at Data Solutions Inc. Collaborate intensively with data experts to innovate upon predictive analytics and ensure seamless project execution.

- Developed advanced AI models improving overall operational efficiency dramatically.
- Worked closely with data scientists to refine algorithms for increased accuracy.
- Facilitated workshops empowering stakeholders with insights into AI functionalities.
- Contributed strategic recommendations affecting business value and project direction.

AI Intern

Innovative Tech Corp. 📅 June 2024 - May 2025 📍 Green Bay, WI

Executed tasks contributing toward the enhancement of machine learning models at Innovative Tech Corp. Collaborated in data analysis activities focusing on delivering precise solutions tailored to client specifications, gaining hands-on experience that shaped business decisions.

- Assisted in crafting machine learning models improving project performance indicators.
- Conducted thorough data analyses illuminating trends vital for informed decision-making.
- Engaged in brainstorming sessions offering creative AI-centric project proposals.
- Participated in meetings translating AI capabilities into meaningful client solutions.

Academic Project

University Project 📅 September 2024 - May 2025 📍 Milwaukee, WI

Orchestrated a cutting-edge research initiative focused on implementing AI-based methodologies for solving complex problems during academic training.

- Analyzed existing systems using tailored AI frameworks identifying key improvements.
- Developed a collaborative model speeding up project outcomes effectively.
- Presented findings reducing process bottlenecks during reviews fostering team recognition.
- Utilized feedback mechanisms optimizing project delivery for practical applications.

PROJECTS

AI Market Analysis Tool 📅 January 2026

Created a robust AI tool aimed at assessing market trends utilizing machine learning algorithms. The project cultivated insights assisting companies adapt swiftly to changing consumer habits.

Client Retention Strategy 📅 March 2026

Developed a data-driven strategy utilizing AI-generated insights concentrating on improving customer retention rates, proving beneficial in alignment with business goals.

MY CAREER

- AI Engineer at Data Solutions Inc. (1 Years)
- AI Intern at Innovative Tech Corp. (11 Months)
- Academic Project at University Project (8 Months)

LEADERSHIP & AWARDS

- Certificate of Excellence for Top Student Project
- Best Presentation Award for AI Research

EDUCATION

Master's Degree in Artificial Intelligence

University of Wisconsin-Milwaukee 🎓 GPA: 3.8 📅 2025 📍 Milwaukee, WI

Coursework: Machine Learning, Data Modeling, Statistical Techniques, Predictive Analytics

CERTIFICATIONS

- Certified AI Engineer 📅 2025
- Machine Learning Fundamentals 📅 2025

TECHNICAL SKILLS

- **AI Tools:** TensorFlow, PyTorch, Scikit-learn
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Programming Languages:** Python, R, JavaScript
- **Project Management Tools:** Trello, Asana, Jira
- **Cloud Platforms:** AWS, Google Cloud, Azure
- **Collaboration Tools:** Slack, Microsoft Teams, Zoom
- **Data Visualization Tools:** Tableau, Power BI, Matplotlib
- **Development Frameworks:** Django, Flask, React
- **Data Processing Tools:** Apache Spark, Hadoop, Pandas
- **Version Control Systems:** Git, SVN, Mercurial

PROFESSIONAL AFFILIATIONS

- Member of the AI Enthusiasts Society
- Volunteer at Local Tech Workshops

ADDITIONAL INFORMATION

Work Status : Authorized to work in United States. No sponsorship required.
