SUMMARY

Enthusiastic Junior Network Engineer focused on enhancing client network infrastructure. Proficient in supporting Microsoft technologies and networking hardware, contributing to seamless operations. Skilled in troubleshooting issues and providing support across various platforms to ensure high client satisfaction. Utilize strong analytical skills to relay complex information clearly to diverse audiences. Committed to ongoing professional development with a keen interest in staying updated on industry trends and best practices. Driven by a passion for technology and dedicated to fostering effective collaborations within and outside the team.

EDUCATION

Bachelor's Degree in Computer Science

University of Illinois GPA: 3.8

2027

Champaign, IL

Coursework: Data Structures, Networking Protocols, Systems Design, Cloud Computing

TECHNICAL SKILLS

- **Operating Systems:** Windows, Linux, macOS
- **Networking Protocols:** TCP/IP, DHCP, DNS
- **Server Technologies:** Windows Server, SQL Server, Exchange
- **Virtualization Tools:** Citrix, VMware, Hyper-V
- **Security Technologies:** Firewalls, VPN, IDS/IPS
- **Project Management Tools:** JIRA, Trello, Asana
- **Documentation Tools:** Confluence, Visio, MS Word
- **Communication Platforms:** Slack, Teams, Zoom
- **Scripting Languages:** Python, PowerShell, Bash
- **E-mail Services:** Outlook, Gmail, Exchange Online

SKILLS

- Microsoft Windows
- Microsoft Server
- LAN/WAN troubleshooting
- Networking hardware
- Technical support
- Client communication
- Project documentation
- Firewall Configuration
- Network Monitoring
- PC Troubleshooting
- SQL Server
- Active Directory
- SharePoint
- Virtualization
- Process Improvement
- Inventory Management

EXPERIENCE

Junior Network Engineer

Tech Innovations

June 2025 - Present

Chicago, IL

Serve as a critical member of the team, responsible for managing and optimizing network systems while providing technical support for various clients. Spearhead projects that improve network performance and interfacing with clients to meet their unique needs. Ensure operational excellence through documentation and adherence to best practices, delivering measurable results.

- Facilitated technical support for Windows and Office applications, smoothing user experiences.
- Contributed actively in implementation of Microsoft Server technologies, documenting processes for future use.
- Monitored network operations, identifying and resolving LAN/WAN connectivity issues effectively.
- Engaged with clients to address technical queries, ensuring satisfaction through tailored solutions.
- Maintained precise records of support tickets and resolutions, enhancing overall departmental efficiency.
- Participated in skill-enhancing training sessions, building expertise in advanced network management.

Network Support Intern

Digital Solutions

January 2025 - May 2025

Chicago, IL

Assisted in a broad scope of networking activities, honing practical skills in real-world settings. Supported critical infrastructure maintenance and established connections with diverse stakeholders, fostering relationships beneficial for career growth.

- Provided direct support for maintaining robust network infrastructure across multiple client sites.
- Engaged in proactive network monitoring, addressing issues related to routers and firewalls.
- Focused on developing thorough documentation for networking configurations which contributed to team knowledge bases.
- Assisted with project deployments involving Microsoft applications, ensuring client technical needs were met.
- Transformed client interactions by delivering clear tech support, suited to varying levels of understanding.

- Collaborated logistically with senior engineers, enriching learning opportunities by tackling complex network challenges.

LEADERSHIP & AWARDS

- Dean's List, University of Illinois (2025)
- First Place, University Hackathon (2025)

CERTIFICATIONS

- CompTIA A+ Certification 📅 2026
- Cisco Certified Network Associate (CCNA) 📅 2026

PROFESSIONAL AFFILIATIONS

- Member, Computer Science Club, University of Illinois
- Volunteer, Tech for Good, Chicago

LANGUAGES

- Japanese (Proficient) • English (Native)
