SUMMARY

Dynamic accounting professional, eager to contribute expertise in financial reporting and analysis. Strong background includes journal entry preparation, bank reconciliations, and general ledger management under GAAP compliance. Collaborative approach enhances team performance while delivering actionable insights into financial narratives. Experience includes managing simulated property accounts, where resolving variances accelerated project outcomes. Passionate about ensuring compliance and continuous process improvements that foster better decision-making within organizations. Committed to streamlining workflows and elevating the standard of financial documentation to drive business success. Ready to take on new challenges at The Insight Group.

EXPERIENCE

Junior Property Accountant

University Project 📅 January 2025 - Present 📍 Denver, CO

Functioning as a Junior Property Accountant in a simulated environment, focusing on financial reporting for a fictional property management firm. Collaborated effectively with peers to enhance knowledge of accounting operations and analyze financial performance metrics. Engaged with key data verification processes and compliance activities.

- Executed detailed financial simulations by developing monthly journal entries reflecting actual industry practices.
- Conducted thorough bank reconciliations ensuring accuracy and compliance with GAAP principles.
- Reviewed GL coding for accuracy and processed necessary reclass entries, which improved overall reporting efficiency.
- Provided analysis on financial performance based on project findings, contributing valuable insights leading to effective presentations.
- Maintained tax data within ITAM software, adhering to recommendations for stronger financial controls.
- Organized documentation in preparation for mock audits, demonstrating unwavering attention to detail and collaboration.

Research Assistant

Academic Research 📅 September 2024 - December 2024 📍 Denver, CO

Engaged in research focused on property accounting, emphasizing sound financial reporting strategies and regulatory compliance. Provided analytical insights through data evaluation and contributed to comprehensive research deliverables.

- Supported research initiatives evaluating property accounting trends, crucial for effective reporting methodologies.
- Analyzed complex datasets to identify emerging trends, providing significant contributions to the research documentation process.
- Collaborated with researchers to present findings, sharpening presentation skills and reinforcing team synergy.
- Participated actively in literature reviews, enriching understanding of accounting standards and enhancing academic outputs.
- Drafted sections of critical research papers, fine-tuning writing clarity and detail in financial contexts.
- Contributed as a peer reviewer, enhancing document quality through constructive feedback sessions with colleagues.
