Wireframing Design Strategy
Mobile App Design
Design Guidelines

SUMMARY

Accomplished UX Designer with over 8 years in the field, specializing in creating user-centric experiences for payment systems. Led initiatives to improve cross-border payment interactions, translating technical complexities into intuitive design. Demonstrated clear written and verbal communication skills while advocating for user needs. Crafted and maintained detailed UX guidelines utilized by partner institutions to ensure consistency. Leveraged proficiency in Figma for prototyping while coordinating with engineering teams. Passionate about fostering collaboration within design groups and mentoring colleagues to elevate team performance.

EXPERIENCE

Lead UX Designer

Innovative Payment Solutions 📅 January 2023 - Present 📍 Chicago, IL

In this role, led UX design efforts for processing cross-border payments. Established comprehensive strategies that enhance user satisfaction. Collaborated effectively with product and engineering teams to align on project goals. Pioneered UX guidelines widely adopted by partner organizations to maintain aesthetic and functional consistency.

- Spearheaded UX design direction for cross-border payment solutions, ensuring seamless user experiences.
- Conducted rigorous user research and synthesized findings, leading to improved design specifications.
- Developed UX guidelines consistently implemented across partner institutions enhancing partnership reliability.
- Proactively identified design risks, facilitating resolution through collaborative strategy sessions.
- Mentored junior designers, cultivating a creative environment promoting skill development.
- Collaborated closely with stakeholders to gather feedback, resulting in iterative design improvements.

Senior UX Designer

Digital Finance Innovations 📅 March 2019 - December 2022 📍 New York, NY

Directed UX design strategies for digital wallet applications with complex cross-border interaction features. Engaged deeply with compliance teams during projects to integrate KYC/AML regulations accordingly. Mentored young professionals and encouraged sharing insights across teams to enhance overall knowledge.

- Guided UX design projects focusing on user experiences in cross-border money transfers between countries.
- Conducted workshops, encouraging collaboration and delivering best practices to various departments.
- Created interactive prototypes showcasing design concepts, significantly improving stakeholder communication.
- Enhanced visual design skills utilizing industry-standard tools like Figma and Adobe XD.
- Wrote extensive UX guidelines contributing to visual cohesion across products.
- Championed usability testing sessions providing actionable feedback and operational efficiency.

UX Designer

Cross-Border Payment Systems 📅 June 2016 - February 2019 📍 San Francisco, CA

Emphasized user experience in international payment platforms. Simplified user interactions for sending money abroad. Contributed continuously to team initiatives aimed at resolving systemic user experience issues.

- Designed impactful user experiences for platforms aiding international money transactions.
- Partnered with engineers to streamline intricate payment flows, boosting engagement metrics.
- Engaged with users through testing sessions, iterating designs based on real-time feedback.
- Crafted visually compelling design standards adopted by multiple product teams.
- Addressed user experience challenges significantly bolstering trust in company services.
