EXPERIENCE

Medical Assistant Intern

Student Innovation Lab 📅 June 2025 - Present 📍 Rapid City, SD

Currently serving as a Medical Assistant Intern, responsible for supporting comprehensive patient care initiatives within the clinic environment. Engaged in direct patient interaction, contributing to patient well-being and satisfaction while collaborating closely with healthcare professionals.

- Assisted in preparing examination and treatment areas in compliance with established standards leading to improved operational efficiency.
- Conducted patient rooming procedures including accurate vital signs and data collection that enhanced provider readiness.
- Administered medications and immunizations accurately, ensuring all entries in patient records are precise and compliant.
- Performed EKGs and lab tests upon completion of required competency training, strengthening clinical service delivery.
- Collaborated with frontline healthcare staff to streamline patient workflows, reducing wait times and improving access to care.
- Provided targeted patient education utilizing approved materials, empowering patients in their care journey.

Clinical Assistant

University Health Clinic 📅 July 2024 - May 2025 📍 Rapid City, SD

MY CAREER

● Medical Assistant Intern at Student Innovation Lab (1.1 Years)

● Clinical Assistant at University Health Clinic (10 Months)

Functioned as a Clinical Assistant, partnering with nursing teams to deliver top-tier patient care and support smooth clinic operations. Played an essential role in managing clerical tasks and facilitating efficient patient interactions.

- Supported nursing staff to deliver high-quality patient care, demonstrating clear communication skills and effective teamwork.
- Managed scheduling of appointments and adhered closely to handling patient records, elevating administrative accuracy.
- Ensured meticulous documentation of patient encounters, reinforcing adherence to compliance frameworks.
- Participated in ongoing training for Basic Life Support and various clinical competencies, illustrating commitment to lifelong learning.
- Engaged directly with patients during visits, adeptly redirecting inquiries for optimal communication flow among providers.
- Cultivated familiarity with clinical best practices resulting from hands-on interactions and observation.
