STRENGTHS

- ♥️ **Patient Advocate**
Consistently prioritize patient needs, facilitating a comforting environment. Patients often express gratitude for my empathetic approach.
- 🛡️ **Safety Compliance**
Devote attention to detail ensuring strict adherence to safety protocols encourages trust from both colleagues and patients.
- 👥 **Collaboration**
Enjoy working within teams; peers frequently consult me on challenging cases, reflecting shared goals for improving patient outcomes.
- ✅ **Quality Focus**
Engage actively in quality improvement initiatives leading efforts that enhance imaging standards benefiting overall service delivery.
- 📖 **Ongoing Learning**
Commitment to continuous development is noteworthy as I regularly pursue certifications beyond the expected to provide best practices.

SUMMARY

Dedicated Mammography Technologist with over two years in executing mammography procedures and ensuring patient comfort. Skilled in maintaining high quality assurance standards and delivering precise imaging results. Committed to continuous professional growth and dedicated to enhancing patient care experiences daily. Working collaboratively with a diverse team of professionals facilitates an improved operational workflow, fostering strong communication along the way. Adept at overseeing equipment maintenance and quality reporting protocols, striving for excellence in every aspect of the role while prioritizing safety and well-being.

EXPERIENCE

Mammography Technologist

Radiology Associates 📅 April 2025 - Present 📍 Chicago, IL

Currently serving as Mammography Technologist at Radiology Associates. Responsibilities include performing mammography exams consistent with established procedural guidelines. Ensuring compliance with safety protocols minimizes radiation risks and promotes patient comfort during examinations.

- Conduct comprehensive mammography examinations adhering closely to industry protocols.
- Collaborate efficiently with physicians and radiology staff to prioritize potent patient care.
- Ensure accurate documentation of all procedures performed for quality assurance purposes.
- Maintain equipment according to safety standards conducting regular inspections.

Radiologic Technologist

Healthcare Innovations 📅 June 2023 - March 2025 📍 Schaumburg, IL

Served as Radiologic Technologist contributing significantly towards various imaging procedures including mammography. Focused on enhancing patient education providing essential information regarding procedures.

- Supported imaging departments by assisting in numerous medical imaging processes.
- Provided clear explanations to patients, reassuring them throughout the imaging processes.
- Set up and maintained equipment efficiency focusing on quality assurance initiatives.
- Documented equipment functionality to ensure continuous adherence to safety standards.

LEADERSHIP & AWARDS

- Recognized Employee of the Month for exceptional performance in patient care.
- Achieved department recognition for reducing reject rates in mammographic images consistently below industry standards.

EDUCATION

Associate of Applied Science in Radiologic Technology

City College of Chicago 🎓 GPA: 3.8 📅 2023 📍 Chicago, IL
