SUMMARY

Licensed Master Electrician with over five years' expertise in commercial and industrial electrical settings, especially within the telecommunications sector. Proven success in overseeing electrical installations while ensuring compliance with safety standards, driving effective teamwork for complex projects. Skilled in AC/DC systems, grounding techniques, and problem-solving on-site challenges swiftly. Emphasizes high-quality workmanship and strict adherence to regulatory requirements in every project undertaken. Committed to mentoring apprentices and cultivating a culture of safety within diverse teams. Excited about opportunities that allow leveraging technical skills and leadership capabilities.

EXPERIENCE

Master Electrician

Power Solutions, LLC 📅 June 2023 - Present 📍 Willowbrook, IL

Oversee all electrical work focusing on power installations and safety compliance at wireless sites across the Southwest region. Manage a skilled team while leading troubleshooting efforts for optimal operational continuity.

- Led extensive electrical installations aimed at advancing telecommunications infrastructure while ensuring NEC compliance.
- Supervised and mentored junior electricians, enhancing skills in both safety measures and practical applications.
- Proactively resolved electrical issues directly in the field, contributing significantly to minimized downtime and improved service reliability.
- Maintained detailed project documentation, supporting rigorous compliance checks during inspections.
- Collaborated closely with construction managers to align timelines with necessary inspections and approvals from authorities.
- Ensured continuous training of apprentices on pivotal safety practices and electrical standards.

Senior Electrician

ElectroWave, Inc. 📅 January 2021 - May 2023 📍 Chicago, IL

Directed major telecommunications projects while securing compliance with local electrical codes for seamless operations in multiple site locations. Developed effective training programs reflective of workplace safety.

- Managed electrical scopes efficiently, leading to substantial improvements in compliance and safety standards across various projects.
- Facilitated training sessions aimed at instilling best practices among new recruits after identified gaps in existing processes.
- Diligently engaged in troubleshooting exercises, resulting in shortened recovery times and enhanced overall system performance.
- Coordinated inspection processes effectively with regulatory bodies to ensure all projects secured timely approvals.
- Contributed significantly to documentation processes elevating report quality crucial for closure and compliance evaluations.

Electrician

BrightLine Electric 📅 March 2018 - December 2020 📍 Peoria, IL

Assisted senior electricians in delivering outstanding electrical services for commercial clients. Developed keen insight into both installation and maintenance tasks while fostering team collaboration.

- Conducted safety inspections to uphold stringent standards, thus facilitating corrective actions promptly where needed.
- Supported the implementation of advanced wiring systems while gaining practical exposure to complex AC/DC setups.
- Participated in maintaining tools, ensuring they met company standards for readiness and availability before assignments.
- Engaged actively within team-based projects, leading to enhanced skillsets and close to deadline accomplishments while ensuring client satisfaction.
- Effectively contributed to internal safety training, supporting a consistent focus on prevention and safe practice.

LEADERSHIP & AWARDS

- Recognized for Outstanding Performance in exceeding project compliance expectations at ElectroWave, 2022.
- Received Team Leadership Award at Power Solutions, exemplifying dedication to mentorship and safety promotion, 2023.

EDUCATION

Certificate in Electrical Technology

Willowbrook Technical Institute 🎓 GPA: 3.5 📅 2018 📍 Willowbrook, IL

Coursework: Electrical Laws, Circuit Analysis, Safety Protocols, Wiring Systems

CERTIFICATIONS

- Licensed Master Electrician 📅 2021

- OSHA 30 Certification 📅 2021

TECHNICAL SKILLS

- **Installation Software:** AutoCAD, Revit, Bluebeam
- **Testing Equipment:** Multi-Meter, Oscilloscope, Ground Resistance Tester
- **Drawing Interpretation:** NEC Guidelines, EIA/TIA Standards, OSHA Regulations
- **Project Management Tools:** MS Project, Trello, Asana
- **Communication Tools:** Zoom, Slack, Teams
- **Emergency Response Certifications:** CPR, First Aid, AED
- **Regulatory Agencies:** EPA, IEC, NFPA
- **Site Safety Programs:** Weekly Safety Meetings, Incident Reporting, Hazard Communication
- **Construction Standards:** Building Codes, Local Ordinances, Industry Best Practices
- **Networking Protocols:** PSTN, VoIP, Fiber Optics

SKILLS

- AC/DC Power Systems
- Electrical Installations
- Troubleshooting
- Compliance Management
- Team Leadership
- Safety Training
- Project Documentation
- Grounding Techniques
- Generator Hookups
- Telecommunications Installation
- Electrical Schematics
- Regulatory Compliance
- Training Development
- Inspecting Systems
- Cabling Infrastructure
- Equipment Maintenance

PROFESSIONAL AFFILIATIONS

- Active Member of the National Electrical Contractors Association (NECA).
- Volunteer Trainer for local community college electrical technician program.

LANGUAGES

- English (Native)
- Spanish (Intermediate)
