

Hannah Glenn

Medical Coder

 (404) 555-1234  hannah.glenn@example.com  linkedin.com/in/hannahglenn  123 Maple St, Atlanta, GA 30301

STRENGTHS

-  **Adaptability**
Efficiently handled changing priorities and high volume, often switching tasks without losing focus, earning peers' respect.
-  **Attention to Detail**
Consistently delivered high-quality work, garnering praise for accuracy and thoroughness in every assignment.
-  **Team Collaboration**
Built trusted relationships among peers, leading sometimes difficult discussions with empathy for enhanced productivity.
-  **Communication Skills**
Engaged effectively with clinicians, greatly assisting in generating clear coding queries when documentation fell short.
-  **Problem Solving**
Generated creative solutions to overcome obstacles during coding transitions like nonconformities and lost documentation.

SKILLS

- Medical Coding (CPT, ICD-10)
 - Medicare Compliance
- Epic Systems Coding Audits
 - Query Generation
 - Time Management
 - Billing Practices
 - Healthcare Regulations
 - Documentation Review
- Interdisciplinary Communication
 - Quality Assurance
 - Work Queue Management

SUMMARY

Dedicated Medical Coder with over five years of experience in orthopedic and podiatry services. Proven record in assigning precise diagnostic and procedure codes that comply with Medicare guidelines. Manages extensive workloads efficiently under pressure while upholding coding standards. Committed to mentoring colleagues and continually enhancing qualifications through ongoing education. Proficient in generating coding queries that clarify physician documentation, contributing to improved accuracy across departments. Possess strong teamwork skills that encourage collaboration, ensuring all stakeholder needs are addressed promptly and effectively. Eager to bring passion for coding and dedication to high quality to a dynamic health organization.

EXPERIENCE

Senior Medical Coder

HealthPlus Medical Group  January 2021 - Present  Atlanta, GA

Experienced Senior Medical Coder supervising outpatient coding operations focused on orthopedic and podiatry services. Plays a critical role in maintaining compliance with established coding conventions and billing requirements.

- Assigned diagnostic and procedure codes while ensuring alignment with official coding guidelines.
- Managed a caseload exceeding 300 records weekly, prioritizing timely processing for efficient billing.
- Collaborated closely with healthcare providers by generating coding queries to clarify any documentation discrepancies.
- Remained current on changes to coding regulations, proactively implementing necessary adjustments within the team.
- Mentored junior coders, providing assistance with complex coding issues and promoting collaborative growth.
- Conducted audits revealing opportunities for improvement, leading initiatives to enhance process efficiency.

Medical Coder

CareFirst Health Services  June 2018 - December 2020  Atlanta, GA

Served as a Medical Coder specializing in various medical specialties, particularly orthopedic and podiatric procedures. Contributed significantly to quality assurance initiatives through rigorous coding practices.

- Assigned CPT and ICD-10 codes across diverse medical scenarios, primarily concentrating on orthopedic treatments.
- Achieved near-perfect accuracy rates in coding audits, fostering department confidence and trust.
- Led training sessions bringing staff up to speed on recent coding developments and best practices.
- Employed Epic software adeptly, facilitating effective navigation through patient records and resolving coding denials.
- Consistently met urgent deadlines while juggling demands associated with high-volume workflows.
- Supported organizational changes in coding platforms by providing functional and practical feedback during transitions.

Junior Medical Coder

HealthCare Associates  August 2016 - May 2018  Atlanta, GA

Initiated a coding career working under seasoned professionals, providing critical support for assigning codes compliant with Medicaid guidelines within a growing healthcare environment.

- Assisted senior coders by preparing and maintaining accurate coding files aligned with national standards.
