SUMMARY

Dedicated optometrist with a Doctor of Optometry (O.D.) degree and a license to practice in North Carolina. Committed to delivering exceptional patient care while enhancing clinical skills within a progressive ophthalmology setting. Experienced in performing comprehensive eye examinations, diagnosing ocular diseases, and providing pre- and post-operative care. Strong interpersonal and communication skills ensure effective engagement with diverse patients. A keen focus on fostering continuous learning drives performance and contributes positively to team dynamics, which is influential as new practices emerge in modern ophthalmic care.

EXPERIENCE

Optometrist

Visionary Eye Care 📅 March 2024 - Present 📍 Charlotte, NC

Worked at a dynamic optometry clinic focusing on diverse patient needs, including surgical follow-up care. Managed clinical operations ensuring high-quality service standards.

- Conducted comprehensive examinations for various demographics, confirming accurate diagnoses and treatment plans.
- Developed tailored management strategies for ocular conditions, emphasizing holistic patient care.
- Provided thorough pre- and post-operative assessments, assuring smooth recovery journeys for surgical patients.
- Engaged in treatment planning for dry eye syndrome using innovative therapies.
- Sustained detailed patient records to comply with regulatory standards, contributing to improved patient satisfaction ratings.
- Addressed emergency eyecare situations efficiently, highlighting swift clinical decision-making abilities.

Optometry Resident

Ocular Health Associates 📅 July 2023 - February 2024 📍 Durham, NC

Completed a residency emphasizing anterior segment diseases at a reputable institution, enriching knowledge through hands-on experience and collaboration.

- Performed wide-ranging ophthalmic exams, working alongside experienced staff to manage complex patient cases.
- Assisted in the strategic approach toward glaucoma patient management with advanced training in scleral lens fitting.
- Designed and conducted educational outreach initiatives aimed at elevating community awareness about ocular health.
- Initiated a quality improvement project aimed at enhancing operational protocols and patient satisfaction.
- Collaborated within interdisciplinary teams to streamline patient care pathways effectively.
- Contributed insights during case discussions, promoting continuous professional development among peers.

Optometry Intern

Bright Vision Clinic 📅 June 2022 - June 2023 📍 Raleigh, NC

Supported daily operations within a comprehensive training environment, gaining practical insights into routine optometric procedures.

- Assisted in conducting eye exams, learning to diagnose common ocular diseases under seasoned supervision.
- Communicated with patients to gather essential medical histories, ensuring clarity in treatment options established.
- Enhanced record-keeping skills, aiding in effective scheduling management while optimizing patient flow.
