SUMMARY

Passionate and dedicated Optometrist with a Doctor of Optometry (OD) degree, committed to enhancing seniors' lives through exceptional vision care. Extensive experience providing comprehensive eye examinations and tailored care plans in diverse settings. Proficient in utilizing advanced portable technology for thorough patient evaluations while emphasizing a patient-centered approach. Collaborative team player, fostering environments that prioritize high-quality professional standards. Core focus remains on ensuring timely follow-up care and integrating vision health within overall healthcare services. Eager to contribute skills and make a meaningful impact on senior care.

EXPERIENCE

Optometrist

Visionary Eye Care Associates 📅 June 2024 - Present 📍 New York, NY

Responsible for conducting comprehensive eye clinics in numerous nursing homes across New York City. Built strong relations with patients and assisted them with individualized diagnostic assessments. Led efforts in documenting patient encounters, enhancing compliance with healthcare regulations.

- Implemented detailed patient assessments using advanced portable diagnostic equipment for effective treatment.
- Designed personalized care plans, prescribing corrective lenses meticulously suited for unique vision needs.
- Engaged collaboratively with optometric assistants, creating a nurturing and attentive atmosphere for patients.
- Managed accurate patient documentation, ensuring alignment with healthcare policies and elevating patient safety standards.
- Coordinated extensively with healthcare providers, facilitating seamless integration of eye care into patients' general health planning.
- Participated actively in follow-ups, confirming patient progress and adjustments to care plans where necessary.

Optometrist

Bright Vision Mobile Services 📅 January 2022 - May 2024 📍 Long Island, NY

Delivered comprehensive on-site vision care specifically tailored for seniors in various long-term care facilities. Established trust-based relationships with residents, ensuring they received quality eye care promptly.

- Performed detailed eye examinations using contemporary mobile optical equipment, addressing diverse vision issues directly.
- Educated seniors about their visual health, empowering them to understand the importance of regular check-ups.
- Formulated bespoke vision strategies, effectively catering to individual preferences and medical histories.
- Enhanced clinical wisdom by continuously pursuing trainings focused on geriatric-specific optometry and communication techniques.
- Collaborated closely with predefined teams of healthcare personnel, enhancing patient outcomes through integrated service delivery.
- Ensured adequate adherence to all health and safety precautions during examinations, forging safe care environments.
