SUMMARY

Dedicated MRI/CT Technologist with extensive clinical experience in performing and interpreting diagnostic imaging procedures. Skilled in maintaining high standards for patient care while ensuring safety protocols are consistently followed. Holds ARRT dual certification in MRI and CT, combined with a robust academic foundation in Radiologic Technology. Committed to ongoing professional development, consistently seeking ways to enhance patient experiences through effective communication and collaboration with medical staff. Passionate about contributing positively to a dynamic healthcare team in delivering quality imaging services.

EXPERIENCE

MRI/CT Technologist

University Hospitals 📅 January 2024 - Present 📍 Cleveland, OH

Functions as an MRI/CT Technologist in a leading hospital setting, providing comprehensive imaging diagnoses and ensuring exceptional adherence to departmental protocols.

- Conduct imaging procedures for patients of all ages, adhering to safety and compliance protocols.
- Collaborate with radiologists and medical personnel to assess imaging results, facilitating accurate diagnostics.
- Maintain precise patient documentation and imaging histories, streamlining processes for better patient tracking.
- Engage in quality assurance initiatives to troubleshoot equipment issues and sustain operational readiness.
- Educate patients on procedures and preparations, enhancing their overall comfort and understanding.
- Participate in continual training to remain abreast of advancements in MRI and CT technologies.

Radiologic Technologist

Health Imaging Center 📅 June 2021 - December 2023 📍 Cleveland, OH

Served as a Radiologic Technologist, focusing on quality imaging solutions to support timely diagnostic evaluations across various medical conditions.

- Executed diagnostic imaging procedures producing high-quality images for interpretation by medical professionals.
- Assisted in establishing new imaging protocols, resulting in improved operational efficiency and increased patient satisfaction.
- Partnered with interdisciplinary teams, ensuring excellence in imaging services aligned with clinical standards.
- Oversaw asset maintenance and inventory management, complying with rigorous infection control protocols.
- Guided new staff on imaging practices and safety measures, promoting a culture steeped in education and competency.
- Reviewed existing department protocols to incorporate latest best practices in radiologic technology.

LEADERSHIP & AWARDS

- Dean's List, Ohio State University, 2022
- First Place, Statewide Radiology Technology Competition, 2023

EDUCATION

Bachelor's Degree in Radiologic Technology

Ohio State University 🎓 GPA: 3.8 📅 2023 📍 Columbus, OH

STRENGTHS

Patient Advocacy

Ensured optimal patient care through continuous communication, fostering trust and clarity during procedures.

Team Collaboration

Worked closely with medical teams, enabling informed decisions and improving patient outcomes through synergy.

Technical Proficiency

Effectively utilized advanced imaging technologies, adapting quickly to equipment updates for seamless operations.

Customer Service

Provided compassionate support to patients, significantly enhancing their imaging experience through personal engagement.

Quality Assurance

Implemented routine quality checks on equipment, ensuring consistent performance and reliability in diagnostics.
