STRENGTHS

- ♥ **Compassionate Patient Care**
Consistently recognized for empathizing with patients during stressful situations, leading them toward clarity and ease. Peer feedback often highlights abilities.
- 🗣 **Effective Communication Skills**
Known for clarifying complex concepts for patients, making necessary medical processes more approachable. Patients appreciate approachable attitude.
- 👥 **Collaborative Teamwork**
Enjoy engaging with multispecialty teams, fostering meaningful contributions to joint assignments and obtaining cumulative success from shared efforts. Challenges are admitted joyfully.
- ✓ **Attention to Detail**
Gained trust from colleagues by consistently producing error-free work during data entries and maintaining critical documents efficiently. Results build confidence throughout departments.
- 📖 **Adaptive Learning Approach**
Integrated new knowledge quickly from research experiences, applying findings to actual operational demands. Proposed initiatives based on latest techniques engaged fellow students.

- **Customer Service Software:** Support Ticket Systems, Feedback Platforms, CRM Applications
- **Emergency Response Protocols:** BLS Training, Safety Drills, Crisis Management Procedures
- **Educational Outreach Methods:** Workshop Delivery, Public Speaking Techniques, Materials Development

EXPERIENCE

MRI Technical Assistant

University Project 📅 January 2026 - Present 📍 Cerritos, CA

Assisted coordination of imaging procedures at the university's health clinic, effectively managing all patient appointments. Involved directly in patient interactions across various roles.

- Provided effective management of patient inquiries over the phone, streamlining movements and reducing wait times.
- Maintained accurate patient tracking boards for modalities, completing data entry tasks with diligence and precision.
- Prepared examination rooms and assisted patients with MRI properties for seamless processes, enhancing overall patient care experience.
- Assisted Technicians in accurately positioning patients for scans, contributing to efficient operation of imaging processes.
- Transported patients safely between departments as needed, exhibiting kindness towards anxious individuals.
- Supported clerical operations through effective communication and teamwork with healthcare professionals.

Healthcare Support Intern

Academic Research 📅 September 2025 - December 2025 📍 Cerritos, CA

Conducted substantial research on patient satisfaction in imaging services alongside faculty mentorship. Delivered valuable data insights that influenced service delivery improvements.

LANGUAGES

MY CAREER

- MRI Technical Assistant at University Project (6 Months)
- Healthcare Support Intern at Academic Research (3 Months)

- Collaborated with academic staff to assess and address patient communication impacts on caregiving experiences.
- Organized events educating patients about imaging procedures and fostering understanding of their importance.
- Participated actively in training sessions focused on regulations concerning patient safety and privacy, enhancing compliance knowledge.
- Developed accessible information materials that helped demystify MRI options and expectations for patients.
- Engaged regularly with healthcare personnel, gaining knowledge and best practices related to imaging technology implementation.
- Collected and analyzed survey data aimed at measuring and enhancing customer satisfaction within hospital imaging services.

LEADERSHIP & AWARDS

- Dean's List, Cerritos High School, 2024
- First Place, Health Sciences Competition, 2025

CERTIFICATIONS

- Basic Life Support (BLS) 📅 2026
- CPR Certification 📅 2026

PROFESSIONAL AFFILIATIONS

- Member, Health Sciences Club, Cerritos High School
- Volunteer, Local Community Health Fair, 2025
