- Emergency care
- Neonatal resuscitation IV therapy
- Geriatric care Patient advocacy

SUMMARY

Nurturing professional with over three years of experience in Level III NICU environments. Skilled in creating and executing comprehensive nursing care plans tailored for critically ill infants, including those facing congenital defects and prematurity. Expertise includes assessing patient needs, administering medication, and implementing treatment interventions efficiently. Passionate about collaborating with multidisciplinary teams to enhance health outcomes and family education in neonatal care. Proven commitment to advancing clinical knowledge through continuous education and application of best practices in pediatric nursing.

EXPERIENCE

NICU RN

Little Angels Hospital 📅 January 2023 - Present 📍 Chicago, IL

Oversee care delivery in a vibrant Level III NICU, focusing on critically ill infants. Assume active role in developing robust nursing care plans while ensuring safety standards and effective implementation of treatments.

- Delivered exceptional care for a diverse group of infants navigating complex health challenges, enhancing overall patient wellbeing.
- Crafted personalized nursing care plans informed by rigorous assessments of each infant's medical condition and anticipated outcomes.
- Administered various medications and intricate procedures following established guidelines, promoting safety and efficacy.
- Collaborated seamlessly with healthcare teams, adjusting treatment protocols based on patient progress and clinical updates.
- Educated families on essential aspects of newborn care, fostering a strong support system within the NICU environment.
- Engaged in ongoing educational initiatives to refresh knowledge of contemporary trends influencing neonatology practice.

Staff Nurse

Caring Hearts Medical Center 📅 June 2021 - December 2022 📍 Peoria, IL

Provided compassionate nursing care within a dynamic NICU setting focused on premature and critically ill patients. Participated actively in quality improvement projects aimed at enhancing care standards.

- Delivered nurturing care focusing on neonatal health in a fast-paced environment, emphasizing timely intervention strategies.
- Contributed significantly to quality improvement initiatives that promoted patient safety and improved neonatal care delivery.
- Vigilantly monitored vital signs of infants, promptly communicating any changes to ensure immediate clinical responses.
- Participated in interdisciplinary team discussions, facilitating collaborative approaches toward patient care planning.
- Ensured compliance with regulatory standards through meticulous documentation and adherence to guidelines.
- Mentored new nurses, sharing insights into holistic approaches applied in neonatology nursing practice.

RN

Starlight Medical Group 📅 May 2020 - May 2021 📍 Champaign, IL

Supported nursing staff in elevating levels of care for neonates requiring extensive monitoring and therapeutic intervention in a crucial health care capacity.

- Provided essential support to nursing teams in the management of neonates needing critical assessments and interventions.
- Assisted with medication administration, adhering strictly to pre-established protocols to maximize patient safety.
