STRENGTHS

- Clinical Assessment**
Provided meticulous clinical assessments in neonatal settings, becoming known among peers as a trusted resource for evaluation techniques.
- Patient Education**
Developed patient education materials, shaping clear communication tactics that increased parental understanding of pediatric illnesses.
- Team Collaboration**
Successfully collaborated with varying healthcare professionals, earning recognition as a team player who consistently contributed innovative solution.
- Research Methodologies**
Utilized evidence-based research methodologies regularly in clinical settings, gaining respect from faculty mentors while elevating collaborative output.
- Leadership Development**
Volunteered for leadership workshops which significantly advanced personal engagement strategies, influencing support offered to fellow students.

SUMMARY

Compassionate Nurse Practitioner with a Master's degree and hands-on experience in neonatal care. Delivered individualized patient assessments, managed complex health issues through thorough evaluations, and collaborated effectively within multidisciplinary teams. Skilled in interpreting diagnostic tests and advocating for evidence-based best practices. Constantly pursued professional growth while ensuring the advancement of nursing roles within the community. Committed to continuous development, passionate about achieving excellent patient outcomes, and dedicated to mentoring future healthcare professionals. Eager to integrate into the Bright Futures Children's Hospital team and contribute towards quality neonatal care.

EDUCATION

Master's Degree in Nurse Practitioner

University of Illinois 🎓 GPA: 3.9 📅 2025 📍 Chicago, IL

Coursework: *Advanced Patient Care, Pediatric Nursing, Pharmacology, Health Assessment*

Bachelor's Degree in Nursing

University of Illinois 🎓 GPA: 3.8 📅 2023 📍 Chicago, IL

Coursework: *Foundations of Nursing, Community Health Nursing, Pathophysiology, Research Methods*

TECHNICAL SKILLS

- Clinical Tools:** Electronic Health Records, Diagnostic Imaging Software, Telehealth Platforms
- Patient Management Systems:** CarePaths, Epic, Meditech
- Research Tools:** SPSS, Qualtrics, NVivo
- Educational Resources:** Simulation Equipment, Informational Pamphlets, Online Learning Portals
- Medication Management:** Pediatric Formulary, Coding Systems, Medication Administration Records
- Regulatory Compliance:** HIPAA Guidelines, Joint Commission Standards, Ethical Research Practices
- Interdisciplinary Collaboration:** Team Meetings, Case Reviews, Clinical Rounds
- Mentorship Programs:** Student Leadership Initiatives, Peer Mentoring, Faculty Coaching
- Professional Development:** Continuous Education Workshops, Certification Programs, Networking Events
- Emergency Protocols:** Pediatric Advanced Life Support, Neonatal Resuscitation Guideline Procedures, Rapid Response Initiatives

EXPERIENCE

Neonatal Nurse Practitioner

University Project 📅 January 2025 – June 2026 📍 Chicago, IL

As a Neonatal Nurse Practitioner (NP), responsibilities included comprehensive assessments and care plans for newborns within a simulated NICU setting. Worked closely with multidisciplinary health teams to implement evidence-based protocols for enhancing patient outcomes.

- Delivered assessments and developed personalized care plans, improving simulation environments for student learning.
- Collaborated with healthcare teams to establish effective clinical practices based on documented research findings.

MY CAREER

● Neonatal Nurse Practitioner at University Project (1.4 Years)

● Research Assistant at Academic Research (3 Months)

- Conducted detailed research into neonatal conditions, contributing valuable insights at academic conferences.
- Managed realistic patient simulations, creating educational materials that facilitated peer learning on neonatal interventions.
- Participated in mentorship initiatives, providing guidance and support to junior students aiming to enhance their clinical skills.
- Created educational resources aimed at parents regarding common neonatal issues, fostering improved family communication.

Research Assistant

Academic Research 📅 September 2024 – December 2024 📍 Chicago, IL

Supported neonatal health research initiatives, thoroughly analyzing data for studies focused on premature infants. Contributions reflected strong analytical skills alongside collaboration with faculty in enhancing research methods.

- Assisted in evaluating intervention strategies for premature infants, leading to actionable insights and published work.
- Performed literature reviews and data analysis, critical to addressing key questions in neonatal practice.
- Engaged regularly with teaching faculty for refining methodologies, demonstrating a commitment to delivering high-quality research.
- Drafted presentations and papers, bolstering both individual understanding and presentation abilities for diverse audiences.
- Implemented rigorous data collection protocols, ensuring ethical use of information throughout project phases.
- Collaborated with multidisciplinary teams highlighting practical skills leading to refinements in clinical strategies.

LEADERSHIP & AWARDS

- Dean's List, University of Illinois, 2024
- Recipient of the Nursing Excellence Scholarship, 2025

CERTIFICATIONS

- Basic Life Support Certification 📅 2025
- Neonatal Resuscitation Program Certification 📅 2025

PROFESSIONAL AFFILIATIONS

- Member, Student Nursing Association, 2023-2026
- Volunteer, Local Children's Hospital, 2023-2026
