SUMMARY

News producer with seven years of experience shaping local television newscasts, breaking news coverage, **digital journalism**, live productions, and special projects from editorial planning through **control room execution**. Strong broadcast writing, copy editing, story development, visual storytelling, graphics coordination, rundown construction, and precise show timing support clear, useful reporting for on air and online audiences. Works closely with news managers, assignment desk staff, reporters, anchors, photographers, editors, and production crews while maintaining independent ownership of assigned shows. Calm judgment supports fast changes during live coverage, commercial breaks, and developing stories. Hands on experience includes **newsroom computer systems**, intercom systems, **video screening computers**, cellular telephones, laptops, tablets, field communications, external newsgathering contacts, and live event production. Ready to bring thoughtful local journalism and dependable production discipline to a newsroom serving its community.

EXPERIENCE

News Producer

January 2024 - Present

Great Lakes Local Media

Ann Arbor, MI

Own weekday local newscasts, breaking coverage, special broadcasts, and digital story flow from editorial planning through control room execution. Coordinate newsroom teams, field contributors, graphics, and live elements while protecting accuracy, audience clarity, and reliable timing.

- Produced weekday newscasts through **control room execution**, balancing local, national, weather, and community stories.
- Rebuilt rundowns around **breaking news**, protecting **commercial breaks** and clear editorial priorities during live broadcasts.
- Coordinated **reporters**, anchors, photographers, **graphics** staff, and assignment editors around visual story treatments.
- Wrote and copy edited broadcast scripts, digital stories, teasers, and reporter introductions for audience clarity.
- Developed public safety, civic, education, and community contacts that strengthened daily **story development**.
- Produced live special coverage and event broadcasts through intercom coordination with anchors and field crews.

Associate News Producer

June 2021 - December 2023

Capitol City News Network

Lansing, MI

Supported evening newscasts, digital publishing, and live coverage through logical rundown construction, verified broadcast copy, visual planning, and newsroom systems. Helped producers respond quickly when developing stories changed timing, content, or field requirements.

- Built evening **rundowns** with packages, live segments, graphics, and short stories arranged for viewer comprehension.
- Edited verified source material for accuracy, attribution, clarity, and **journalistic standards** before broadcast.
- Developed visual treatments with reporters and producers, connecting video choices with story comprehension.
- Prepared replacement copy and timing changes when developing stories shifted **live coverage** priorities.
- Adapted newsroom reporting for **digital platforms** while preserving sourcing, facts, and central context.
- Operated newsroom computer and video screening systems while coordinating incoming field material.

News Production Assistant

September 2019 - May 2021

Lakefront Community Television

Kalamazoo, MI

Supported newsroom, studio, and control room operations through story preparation, video screening, graphics checks, file organization, and assignment desk communication. Quiet quality checks helped producers move accurate material through deadline driven production.

- Organized incoming story material, basic scripts, and rundown elements for producer review before air.
- Screened video and matched visual material with stories, flagging missing or inconsistent assets early.
- Checked graphics names, titles, locations, and numerical details against verified scripts before publication.
- Routed **assignment desk** updates to producers during fast moving news cycles and developing coverage.
- Maintained digital files and newsroom records for quick retrieval during deadline driven production.
- Supported studio and control room workflows through intercom practices and commercial break timing.

Editorial Production Intern

June 2019 - August 2019

Wolverine State Public Media

Ypsilanti, MI

Contributed under editor supervision to local reporting research, broadcast copy, digital summaries, video organization, fact checking, and field production logistics. Built early newsroom judgment through careful source review and practical live communication support.

- Researched local leads through public records, official statements, interviews, and newsroom archives.
- Drafted concise broadcast copy and digital summaries under editor supervision for scheduled coverage.
- Logged interview footage and organized video references for package development and producer review.
- Compared names, dates, locations, and quotations with source materials during fact checking.
- Proposed community **story ideas** grounded in public meetings, current events, and audience relevance.

- Supported field logistics and live communications for scheduled newsroom coverage.

PROJECTS

Community Event Coverage 📅 2024

Produced a live community event broadcast that connected newsroom planning with public service. Coordinated anchors, crews, graphics, and field contributors through control room communication, giving local audiences timely coverage with clear visual storytelling.

Digital Story Expansion 📅 2023

Adapted broadcast reporting for digital audiences without losing sourcing or context. Careful copy editing and visual selection helped preserve journalistic standards across online story formats.
