SUMMARY

Compassionate Nurse Practitioner excelling in primary, acute, and chronic care. Experience conducting thorough assessments, creating treatment plans, and educating families on health management. Advocates disease prevention while promoting healthy choices. Committed to ongoing professional growth and team support through collaboration and mentorship. Proven ability to maintain accurate records, interpret diagnostic tests, and deliver quality patient care. Eager to join HealthPlus Medical Group, leveraging expertise to enhance community health and well-being for diverse populations throughout Arizona.

EXPERIENCE

Nurse Practitioner

HealthFirst Clinic 📅 June 2025 - Present 📍 Tucson, AZ

Serve as a Nurse Practitioner providing comprehensive healthcare services, supporting patient wellness initiatives across diverse populations. Collaborate with multidisciplinary teams to devise effective treatment protocols enhancing overall patient outcomes.

- Conduct detailed physical examinations, gathering thorough medical histories from patients.
- Analyze diagnostic tests such as lab results, X-rays, ensuring informed clinical decisions.
- Diagnose health conditions, formulating tailored treatment plans focused on individual needs.
- Prescribe appropriate medications and therapies adhering to regulatory standards.
- Effectively document patient interactions, maintaining compliance with healthcare practices.
- Educate patients and families about health management and preventive measures.

Nurse Practitioner Intern

CareWell Health Services 📅 January 2025 - May 2025 📍 Phoenix, AZ

Assisted in delivering high-quality patient care within a clinical environment, gaining hands-on experience crucial for independent practice. Supported expert practitioners in formulating patient-specific care strategies leading to improved patient health outcomes.

- Evaluated patients through controlled physical exams and health history analysis under supervision.
- Participated in ordering diagnostic tests, interpreting results to inform care processes.
- Collaborated with healthcare professionals focusing on how to address chronic disease effectively.
- Engaged patients with educational efforts around disease prevention and lifestyle improvements.
- Joined interdisciplinary discussions, contributing insights that shaped treatment decisions.
- Maintained accurate patient records, facilitating a smooth workflow within clinic operations.
