SUMMARY

Compassionate Nurse Practitioner with over five years' experience delivering exceptional patient care in diverse settings. Eager to leverage expertise in conducting thorough assessments, managing chronic diseases, and collaborating with multidisciplinary teams at Innovative Health Solutions. Proven track record in utilizing advanced EMR systems like Epic for efficient patient management and documentation while adhering to HIPAA compliance standards. Passionate about educating patients, families, and caregivers on health maintenance and community resources to enhance health outcomes. Committed to fostering a collaborative environment that prioritizes patient-centered care through effective partnerships with healthcare providers.

EXPERIENCE

Nurse Practitioner

March 2022 - Present

Community Health Partners

Austin, TX

As a Nurse Practitioner at Community Health Partners, responsibilities include conducting comprehensive health evaluations and coordinating outpatient clinical care. Focused on improving health outcomes by leveraging patient education and technology.

- Conducted detailed in-home assessments for underserved populations, documenting medical histories while formulating tailored treatment plans.
- Collaborated with interdisciplinary teams to optimize chronic disease management and ensure smooth transitions of care, enhancing overall patient experiences.
- Employed Epic EMR for accurate patient record management, streamlining information sharing among healthcare professionals.
- Provided targeted health education and resources to patients and families, empowering them with strategies for chronic disease management.
- Participated actively in team discussions surrounding patient care solutions, suggesting innovative approaches that improved service delivery.
- Consistently maintained HIPAA compliance and confidentiality of sensitive patient information, securing trust and upholding ethical standards.

Physician Assistant

January 2020 - February 2022

Wellness Clinic

Houston, TX

Served as Physician Assistant focusing on comprehensive patient care within a dynamic clinic setting. Key role included performing physical exams and contributing significantly to the management of chronic health conditions.

- Performed thorough preventive exams and screenings for diverse patients, contributing to enhanced wellness outcomes.
- Developed individualized care plans, integrating input from healthcare colleagues, increasing patient adherence to treatment.
- Managed laboratory specimen collection processes, coordinating timely follow-up tests with minimal disruption to patient flow.
- Engaged in crucial conversations around end-of-life care, providing empathetic support and guidance during challenging moments.
- Documented patient interactions accurately in line with regulatory practices, supporting continuity of care throughout the patient journey.

Nurse Practitioner

June 2018 - December 2019

Health First Medical

Dallas, TX

Acted as a primary care provider addressing acute and chronic conditions. Developed innovative patient education programs aimed at improving health literacy across various demographics.

- Executed comprehensive patient evaluations for a range of health issues, inclusive of diagnosis and treatment recommendation.
- Launched educational initiatives focused on medication management and health self-care strategies, significantly improving patient engagement.
- Spearheaded outreach initiatives in the community promoting well-being, focusing on accessible health screenings.
- Analyzed patient progress regularly, modifying treatment strategies effectively, resulting in continuous improvement in health metrics.
- Mentored new staff on current protocols and best practices, nurturing a positive environment for learning and professional development.
