STRENGTHS

- ♥ **Patient support**
Daily client assistance built patience in practical moments, from structured activities through respectful personal support.
- 👁 **Careful observation**
Status updates became more useful after close attention to changing needs and clear communication with licensed staff.
- ♥ **Safe service habits**
Confidentiality and workplace procedures shaped calm routines where clients and coworkers could rely on consistent support.
- ✍ **Clear documentation**
Accurate records turned scattered details into usable information, and teammates often relied on organized follow up.
- 👥 **Team coordination**
Scheduling and resource work kept daily services moving; small planning details made activities easier for everyone.

SUMMARY

Entry level healthcare support professional with hands on experience assisting care teams through daily living support, documentation, safety practices, and respectful **communication**. Supports individuals with structured activities, personal needs, scheduling, and organized records while observing changes and sharing relevant updates with licensed professionals. Experience at Northfield Community Services built dependable habits around confidentiality, accurate reporting, safe service environments, and coordinated support. An Associate Degree in Health Sciences provides a foundation in patient centered care and healthcare operations. Prepared to contribute calmly within a nursing unit, support **therapeutic activities**, assist with mobility and **personal care**, and help maintain a safe environment where patients receive dignity, attention, and consistent support.

EXPERIENCE

Support Specialist, Community Services

Northfield Community Services 📅 June 2023 - Present 📍 Chicago, IL

Supports daily service operations for diverse clients through structured activities, accurate records, status communication, scheduling, and safe interactions. Partners with licensed professionals and service teams while protecting confidentiality and improving documentation workflows.

- Coordinated daily activities and client support plans, helping service teams maintain steady routines.
- Documented client interactions and status changes, giving licensed professionals timely information for follow up.
- Maintained organized records and reports, supporting accurate decisions across service delivery teams.
- Supported safe environments through confidentiality practices, workplace procedures, and respectful client interactions.
- Assisted scheduling and resource coordination, keeping planned activities accessible for diverse client needs.
- Identified documentation gaps and suggested workflow updates, making routine reporting easier for team members.

PROJECTS

Client Support Documentation Review 📅 2024

Reviewed service records during routine operations, identified documentation gaps, and proposed clearer status reporting practices for care teams.

Structured Activity Coordination 📅 2023

Supported scheduled activities and resource coordination, helping clients participate in organized routines within a safe service environment.

LEADERSHIP & AWARDS

- Recognized by service team for dependable documentation and timely status communication.
- Commended for respectful client support and consistent attention to workplace safety procedures.
- Selected for trusted coordination of schedules, records, and daily service activities.
