

August Tucker

Automotive Technician

📞 (901) 555-1234 ✉️ august.tucker@example.com 🔗 linkedin.com/in/augusttucker 📍 Memphis, TN 38103

STRENGTHS

- Team Collaboration**
Thrived in team discussions, clearly communicating insights that improved overall project outcomes.
- Safety Consciousness**
Always prioritized safety, leading by example and fostering a culture of awareness during hands-on sessions.
- Customer Focus**
Consistently received compliments from peers on demonstrable dedication to exceptional service.
- Adaptability**
Quickly adapted to lab conditions of varying degrees of complexity while maintaining calm under pressure.
- Problem-Solving**
Displayed creativity in troubleshooting automotive issues, leading evolving discussions to optimized solutions.

SUMMARY

Detail-oriented Automotive Technician with hands-on experience in routine vehicle maintenance and inspections. Skilled in performing oil changes, fluid level checks, and tire pressure assessments while ensuring adherence to safety protocols. Proven ability to thrive in fast-paced environments and collaborate effectively within diverse teams. Committed to providing exceptional customer service, contributing to team success through a strong work ethic and attention to detail. Eager to advance knowledge in automotive maintenance further and positively impact the dealership by maintaining high-quality vehicle performance standards.

EDUCATION

Associate Degree in Automotive Technology

Memphis Community College 🎓 GPA: 3.5 📅 2026 📍 Memphis, TN

Coursework: Automotive Systems, Vehicle Maintenance, Engine Repair, Safety Protocols

TECHNICAL SKILLS

- Diagnostic Tools:** OBD-II Scanner, Multimeter, Compression Tester
- Automotive Equipment:** Lifts, Jacks, Tire Machines
- Maintenance Essentials:** Oil Filters, Wiper Blades, Air Filters
- Workplace Safety:** Hazard Communication, Personal Protective Equipment, Fire Safety
- Communication Tools:** Two-way Radios, Messaging Apps, Incident Reports
- Workflow Management:** Project Plans, Logs, Performance Reviews
- Time Management Techniques:** Prioritization, Scheduling, Time Tracking
- Customer Engagement Platforms:** Feedback Surveys, Client Profiles, Satisfaction Metrics
- Vehicle Systems Knowledge:** Brake Systems, Engine Components, Electrical Systems
- Team Collaboration Software:** Google Drive, Dropbox, Task Management Tools

EXPERIENCE

Automotive Maintenance Technician

University Project 📅 June 2025 - August 2026 📍 Memphis, TN

Worked as an Automotive Maintenance Technician underscoring routine vehicle check-ups and maintenance tasks. Collaborated with peers on hands-on projects aligned with industry best practices, emphasizing safety and efficiency in all operations.

- Conducted routine vehicle check-ups, thoroughly verifying compliance with safety protocols.
- Performed fluid inspections and oil changes efficiently while maintaining high service quality.
- Collaborated with fellow students to establish best practices for handling chemicals and equipment.
- Participated in team meetings focused on workflow optimization and enhancing customer satisfaction.
- Documented inspection results to contribute effectively to project reports.
- Cultivated a supportive learning environment through peer engagement and knowledge sharing.

Automotive Technician Intern

Student Lab 📅 January 2025 - May 2025 📍 Memphis, TN

Held an internship role within a lab environment, assisting in both oil changes and basic vehicle maintenance under supervision. Developed technical skills through direct experience using hand tools and diagnostic equipment.

- Aided in oil changes, honing practical repair skills within supervised settings.
