STRENGTHS

- 🛡️ **Advanced patient care skills**
Prioritizes individualized care approaches, leading efforts that significantly enhance split-second decisions under duress.
- 🗣️ **Effective communicator**
Naturally connects with patients, fostering trust and delivering crucial health information during emergencies.
- 👤 **Leadership capability**
Takes initiative in mentoring peers' structured learning, refining their application of complex medical protocols.
- ❤️ **Compassionate caregiver**
Demonstrates empathy consistently, offering comfort to distressed individuals while maintaining focus on their medical needs.
- 👥 **Adaptable team player**
Modifies approach based on diverse contexts, supporting cohesive team dynamics even during high-stress operations.

SKILLS

- Advanced Life Support
- Emergency Patient Care
- EMS Protocols
- Patient Assessment
- Team Collaboration
- Equipment Maintenance
- Triage Management
- Rigorous Documentation
- Community Education
- Stress Management
- Regulatory Compliance

SUMMARY

Driven Paramedic with over two years in emergency medical services, focusing on critical care transport. Demonstrated ability to provide exceptional patient management during interfacility transfers, utilizing advanced life support techniques effectively. Knowledgeable in EMS protocols while leading teams through high-stakes situations. Energetic about continuous improvement and seeking opportunities to enhance both skills and patient outcomes. Committed to supporting EMS responders and ensuring regulatory compliance in all efforts. Eager to contribute to a collaborative healthcare environment reflecting dedication to high-quality service and patient care.

EXPERIENCE

Paramedic

Emergency Medical Services 📅 June 2024 - Present 📍 Milwaukee, WI

- Managing patient care in fast-paced emergency environments, impacting overall clinical effectiveness and team readiness for critical transport duties.
- Delivered advanced medical care addressing critical patient needs swiftly during interfacility calls.
 - Led preparation of vital medical equipment and ensured team compliance with established protocols.
 - Coached less experienced staff through practical training sessions, boosting team capabilities in emergency response.
 - Regularly evaluated care procedures to uphold the highest standards of patient safety and satisfaction.
 - Collaborated with multifaceted healthcare teams, providing guidance on case evaluation and transport logistics.
 - Participated in quality assurance initiatives affecting departmental policies aligned with best practices.

Emergency Medical Technician

Metro Health Services 📅 January 2023 - May 2024 📍 Green Bay, WI

- Focused on initial patient assessment and rapid intervention strategies, being first on site to optimize care delivery.
- Provided immediate basic life support in emergency scenarios, prioritizing effective triage and transportation.
 - Worked alongside paramedics to assess conditions based on patients' needs, contributing significantly to positive health outcomes.
 - Participated in skill-building workshops emphasizing latest emergencies protocols and advocacy for community health education.
 - Supported logistical coordination across emergency systems, ensuring a seamless transfer for patients requiring urgent care.
 - Engaged closely with families to address queries, creating comforting environments amidst challenging experiences.
 - Accurately documented patient care details following state regulations without fail.
