EXPERIENCE

Pastry Chef Intern

University Project  January 2026 - April 2026  Washington, DC

In this internship, crafted a variety of bakery products, displaying creativity in pastries and cakes for university events. Collaboration with culinary students enhanced teamwork and effective time management in a fast-paced environment.

- Developed artisan breads, pastries, and themed dessert menus that pleased over 100 guests.
- Collaborated creatively with culinary peers, resulting in diverse menu options that received acclaim.
- Maintained high cleanliness standards in the kitchen, adhering to health regulations meticulously.
- Operated ovens and mixers confidently, sharpening technical baking skills during real-world application.
- Conducted taste tests, gathering valuable feedback leading to improved recipes meeting consumer preferences.
- Successfully presented findings at faculty gatherings, showcasing polished communication skills.

Pastry Development Team Member

Hackathon Project  May 2026 - June 2026  Remote

Fulfilled a unique challenge in a competitive hackathon centered on inventive dessert creations, inspired by various dietary requirements. This project required innovation alongside solid collaborative practices.

- Pursued innovative pastry ideas focused on gluten-free and vegan options, expanding personal culinary repertoire.

LANGUAGES

MY CAREER

- Pastry Chef Intern at University Project (3 Months)
- Pastry Development Team Member at Hackathon Project (1 Months)
- Baking Techniques Research Assistant at Academic Research (3 Months)

- Brainstormed and prototyped unique dessert concepts collaboratively, resulting in five new standout recipes.
- Harnessed social media platforms to successfully highlight team's creations, gaining significant engagement.
- Collected participant feedback critically to evaluate market readiness, ensuring practical application of products.
- Documented procedural techniques thoroughly, enhancing technical writing and project organization skills.

Baking Techniques Research Assistant

Academic Research 📅 September 2025 - December 2025 📍 Washington, DC

- Supported research initiatives focused on traditional and contemporary baking methods, collaborating closely with faculty to enhance knowledge and presentation skills in culinary arts.
- Executed experiments analyzing ingredient influences on baking, contributing to varied research outcomes.
 - Collaborated effectively with staff on conference presentations, honing public speaking abilities under guidance.
 - Engaged in discussions regarding current culinary trends, fostering an adaptive learning atmosphere.
 - Built a portfolio showcasing recipes based on research efforts that blend innovation and tradition.
 - Mentored peers in mastering foundational baking techniques, illustrating leadership through direct support.
 - Facilitated weekly workshops aimed at improving student familiarity with advanced baking strategies.
