SUMMARY

Compassionate Patient Care Technician with over three years of hands-on experience in fast-paced medical environments. Expertise includes conducting patient histories, monitoring vital signs, and performing screenings such as vision tests and EKGs. Committed to delivering high-quality care while ensuring a positive healthcare experience for patients. Adept at collaborating with healthcare teams, maintaining compliance with regulations, and supporting physicians during examinations. Strong communication skills enhance patient interactions and confidentiality awareness is integral to daily tasks. Looking forward to contributing positively to HealthFirst Medical Services.

EXPERIENCE

Patient Care Technician

Community Health Partners  January 2024 - Present  Chicago, IL

Responsible for direct patient care, including assessing patient conditions and providing nursing support. Demonstrated strong collaboration with medical staff to improve care delivery.

- Conduct patient intake and accurately record medical history and vital signs.
- Perform essential lab screenings, supporting phlebotomy for sample collections.
- Document patient interactions and management ensuring HIPAA compliance.
- Assist physicians during examinations, documenting relevant patient data.

Patient Care Assistant

Urban Medical Center  June 2022 - December 2023  Chicago, IL

Focused on assisting in daily operations and patient support in a busy clinical setting. Collaborated effectively with team members for seamless patient flow.

- Facilitated efficient registration and managed patient flow for timely care.
- Maintained examination rooms, ensuring cleanliness and availability of supplies.
- Worked closely with healthcare providers to optimize patient care processes.
- Promoted effective communication and problem-solving within the team.

Intern

Bright Future Health Services  January 2022 - May 2022  Chicago, IL

Gained valuable experience through active participation in patient care and administrative functions during my internship.

- Supported administrative tasks facilitating smooth patient processing.
- Engaged in EMR systems management, enhancing documentation accuracy.
- Assisted healthcare teams in managing patient records and appointment scheduling.
- Gained exposure to diverse health practices and patient interaction techniques.
