SUMMARY

Compassionate Certified Occupational Therapy Assistant with over two years in pediatric therapy settings. Adept at conducting evaluations, formulating personalized treatment plans, and collaborating with multidisciplinary teams. Expertise in employing innovative therapeutic techniques to enhance children's motor skills and social engagement. Commitment shines through effective family interactions and ongoing professional development, enhancing overall service quality. Eager to join a mission-driven environment that empowers children and families, relentlessly pursuing better developmental outcomes every day.

EXPERIENCE

Occupational Therapy Assistant

Pediatric Therapy Associates 📅 January 2025 - Present 📍 Portland, OR

As an Occupational Therapy Assistant, supported pediatric patients aged birth to 18. Conducted assessments and implemented treatment strategies to address various needs. Engaged in collaborative care within medical teams, enhancing therapy effectiveness with comprehensive evaluations.

- Conducted thorough evaluations for children with diverse developmental challenges.
- Developed personalized therapy plans fostering motor and cognitive skills.
- Collaborated with medical experts to optimize patient care and progress tracking.
- Engaged families through education on therapy techniques, empowering home-based support.
- Utilized advanced treatment tools to create engaging activities that promote recovery.
- Participated actively in continuous learning, integrating new approaches into therapy sessions.

Occupational Therapy Assistant

Kids Health Center 📅 June 2024 - December 2024 📍 Salem, OR

Worked as an Occupational Therapy Assistant within a pediatric environment, providing services to support children's emotional and physical growth. Contributed to interdisciplinary discussions creating aligned treatment plans tailored to each child's needs.

- Implemented play-based therapy, capturing children's interest and supporting development.
- Contributed insight in team meetings, ensuring cohesive treatment strategies.
- Maintained organized therapy spaces, aligning with safety requirements and hygiene standards.
- Designed group activities that nurtured social interaction among peers.
- Provided valuable resources for families, strengthening involvement in therapy.
- Reported patient advancements comprehensively, recording important metrics for future assessments.
