STRENGTHS

- ♥️ **Empathetic Caregiver**
Regularly received praise from families for providing compassionate care during difficult situations, enhancing trust.
- 💬 **Effective Communicator**
Frequently recognized for clear explanations of treatment plans, ensuring comprehension amongst families and reducing anxiety.
- ✔️ **Quality Improvement Advocate**
Actively supported quality initiatives that promoted adherence to best practices and improved patient outcomes across units.
- 👥 **Team Player**
Colleagues often sought collaborative approaches on case management, resulting in impressive holistic patient care.
- 💡 **Adaptable Learner**
Continually pursued additional training opportunities to stay updated on the latest evidence-based practices in pediatric care.

- Health Promotion Strategies

SUMMARY

Compassionate Pediatric RN with over two years of hands-on experience in critical care environments, particularly within pediatric intensive care units. Strong clinical acumen allows for thorough assessments and effective implementation of individualized care plans tailored to the unique needs of critically ill children and their families. Demonstrated skill in collaborating with multidisciplinary healthcare teams ensures comprehensive treatment and emotional support throughout recovery processes. Holds a BSN and current BLS and PALS certifications, dedicated to enhancing patient outcomes and family education. Eager to contribute surgical skills while embracing challenges that test professional growth.

EXPERIENCE

Pediatric RN

Children's Health Services 📅 June 2024 - Present 📍 Chicago, IL

Oversees acute patient care in a busy pediatric unit, contributing to life-saving interventions for critically ill children. Promotes effective communication among team members and integrates diverse medical protocols to ensure optimal treatment delivery.

- Conduct emergency assessments for pediatric patients experiencing crises, focusing on swift resolution and safety.
- Collaborate closely with families to guide them in understanding treatment paths and emotional support strategies.
- Pioneer educational initiatives aimed at enhancing family knowledge surrounding complex medical conditions.
- Engage in unit training for PACU procedures, promoting adaptability amongst team staff for cross-functional support.
- Streamline documentation processes according to health regulations, safeguarding continuity and compliance.
- Support quality improvement projects by offering insights drawn from direct patient care experiences.

Registered Nurse

Healthy Kids Hospital 📅 May 2022 - May 2024 📍 Chicago, IL

Delivered high-quality nursing care in fast-paced environments, playing an essential role in overall team function and performance under pressure.

- Managed total care for pediatric patients handling dynamic conditions within a multidisciplinary approach.
- Implemented culturally sensitive strategies to engage with patients and families effectively.
- Educated families on treatment options and rehabilitation for sustained improvements post care.
- Created and maintained accurate care documentation in alignment with hospital standards for quality.
- Participated in ongoing training sessions, constantly advancing proficiencies and best practices.
- Contributed to the development of departmental guidelines and standards that enriched interdisciplinary collaboration.
