EXPERIENCE

Pharmacy Automation Developer

January 2026 - Present

University Project

Albuquerque, NM

Focused on developing a simulated pharmacy automation system aimed at optimizing medication dispensing. Involved in collaboration for designing an efficient inventory management module that ensures real-time tracking of supplies.

- Enhanced medication dispensing efficiency by simulating automated processes in coursework.
- Conducted user feedback sessions to incorporate suggestions leading to a refined project output.
- Presented findings to faculty, showcasing effective use of detailed data analysis and presentation skills.
- Applied strict adherence to HIPAA protocols throughout project development, emphasizing confidentiality.
- Received strong evaluations from instructors, reinforcing the importance of teamwork and collaboration.
- Capitalized on problem-solving skills when addressing technical challenges during implementation.

Pharmaceutical Logistics Assistant

September 2025 - December 2025

Academic Research

Albuquerque, NM

Assisted in research focused on improving pharmaceutical logistics for local clinics, analyzing operational efficiencies. Collaborated with professionals to address everyday challenges faced in drug distribution.

- Analyzed logistical workflows to identify transformation opportunities in pharmaceutical supply chains.
- Created accurate research documentation, aligning with compliance requirements vital for stakeholder understanding.
- Facilitated discussions with healthcare professionals to gain insights into real-world pharmaceutical distribution issues.
- Developed impactful presentations summarizing findings, adding value through shared knowledge at symposia.
- Acknowledged for enhanced critical thinking abilities rooted in addressing complex medication delivery problems.

- Successfully contributed to the synthesis of research drafts, further solidifying research learning objectives.

Pharmacy Intern

June 2025 - August 2025

Internship

Albuquerque, NM

Gained hands-on pharmacy experience by assisting licensed pharmacists, concentrating on operational aspects including medication preparation and customer services.

- Supported daily pharmacy functions involving preparation and safe packaging of medications accurately.
- Engaged customers, providing necessary medication information while enhancing service relations.
- Maintained high cleanliness standards in work areas, fostering a safe pharmacy environment highly compliant with protocols.
- Contributed significantly to order processing accuracy through advanced software training participation.
- Participated in collaborative meetings aiming at workflow improvements shared among pharmacy staff.
- Obtained foundational knowledge regarding pharmacy laws, principles laying the groundwork for future professional pathways.

LEADERSHIP & AWARDS

- Dean's List, University of New Mexico, 2025

CERTIFICATIONS

- Certified Pharmacy Technician (CPT) 📅 2026
- ASHP Pharmacy Technician Certification 📅 2026

PROFESSIONAL AFFILIATIONS

- Member, Pharmacy Student Association, University of New Mexico

LANGUAGES
