Nina Parrish

Physical Therapist PRN

JULY 14, 2026

Hiring Manager
HealthFirst Rehabilitation Services
Austin, TX
73301

Dear Hiring Manager,

I am enthusiastic about applying for the Physical Therapist PRN role at HealthFirst Rehabilitation Services, a position that harmoniously aligns with both my educational background and hands-on experiences in orthopedics and geriatric therapy, showcasing my commitment to fostering patient recovery while incorporating innovative techniques and strategies to elevate care quality.

In my current role at HealthFirst, I've engaged in extensive patient evaluations, where each individual brings a unique set of challenges, which has significantly sharpened my ability to customize treatment plans, ensuring meaningful outcomes tailored to their specific needs. This dynamic environment has underscored the value of collaboration within multidisciplinary teams, allowing me to effectively share knowledge and improve the discharge process, much to the satisfaction of both patients and their families.

During my academic endeavors, I developed a rehabilitation program that focused on enhancing mobility in post-operative patients. This initiative not only resulted in improved mobility metrics but also earned recognition at the university's health symposium, highlighting the importance of continuous learning and adaptation to best practices, thus further motivating my engagement in ongoing education to refine my skills.

While I excel in structured environments, I often find myself grappling with uncertainties. However, these moments have fueled my resolve to seek mentorship and engage in peer discussions that deepen my understanding and confidence, reinforcing my belief in the collaborative spirit of healthcare.

I look forward to the opportunity to discuss how my clinical experience and innovative mindset can contribute to the goals of HealthFirst.

Sincerely,

Nina Parrish
