HealthPlus Medical Group
Hiring Manager
San Diego, CA

Dear Hiring Manager,

I am eager to apply for the Physician Assistant – First Assist position at HealthPlus Medical Group. This role resonates deeply with my skills and aspirations, as my journey in surgical assistance aligns with your mission of delivering exceptional patient care.

Having developed proficiencies while assisting surgeons in diverse environments, fostering surgical volume growth remains my focus. I have proudly contributed to over 200 surgical cases, enhancing practice efficiency. My commitment to advancing robotic surgeries resulted in a remarkable 30% increase, demonstrating diligence that aligns perfectly with your goals of innovation.

In my current role, collaboration has been crucial. Working directly with experienced surgeons and PAs has significantly broadened my perspective on patient care. This camaraderie has not only improved surgical strategies but has also fostered an environment of mentorship, encouraging continuous learning among our team.

However, I admit that balancing numerous responsibilities can be overwhelming at times. Yet, I divined immense value through challenges, evolving my problem-solving skills and reinforcing my resolve. This adaptability, along with my bilingual abilities, allows me to connect effectively with our diverse patient population.

Excited at the prospect of contributing to HealthPlus Medical Group, I look forward to potentially discussing how my experience and enthusiasm can enhance the surgical team. I am enthusiastic about the possibility of collaborating with your knowledgeable team in San Diego.

Thank you for considering my application.

Sincerely,

Laura Valencia
