STRENGTHS

- Empathetic Communication**
Builds rapport quickly with patients, fostering comfort during discussions about sensitive topics.
- Critical Assessment Skills**
Utilizes thorough assessments to derive actionable insights from complex patient histories.
- Collaborative Mindset**
Encourages teamwork by sharing insights, enhancing overall patient care through collective expertise.
- Patient-Centric Approach**
Puts lives first; ensures treatments are both practical and tailor-made to meet individual needs.
- Strong Documentation**
Creates organized records that meet compliance standards without sacrificing clarity or detail.

SUMMARY

Compassionate and dedicated Physician Assistant with over two years of experience in behavioral health settings. Proven ability to conduct comprehensive assessments and collaborate effectively within interdisciplinary teams. Strong documentation skills and a commitment to maintaining compliance while providing high-quality care to individuals with complex mental health needs. Holds NCCPA certification and valid North Carolina PA license, showcasing a commitment to professional development and patient advocacy. Eager to join CarePath Solutions, embracing a meaningful role within a supportive team, positively impacting patient outcomes.

EXPERIENCE

Behavioral Health Research Assistant

University Research Lab 📅 June 2024 - Present 📍 Raleigh, NC

Supported research initiatives focused on enhancing understanding of behavioral health issues. Engaged students in data collection and analysis while collaborating closely with faculty and healthcare practitioners.

- Conducted comprehensive assessments of patients, integrating medical and psychological evaluations.
- Collaborated with psychiatrists and therapists to develop tailored treatment plans for high-risk patients.
- Assisted in prescription management under supervision, demonstrating strong clinical judgment.
- Maintained thorough documentation of progress and treatment outcomes, adhering to institutional audit standards.
- Participated in multidisciplinary meetings discussing patient cases, fostering a collaborative approach towards care.
- Contributed to innovative research projects aimed at improving therapeutic methods for diverse behavioral health conditions.

Physician Assistant Intern

HealthCare Solutions 📅 January 2025 - May 2026 📍 Durham, NC

Gained hands-on experience in the field while supporting patients facing complex mental health challenges. Worked within a dynamic healthcare setting, honing skills necessary for direct patient engagement.

- Supported healthcare teams by providing empathetic care for patients experiencing mental health crises.
- Documented patient assessments rigorously, ensuring strategies aligned with best practices.
- Worked directly with medical staff managing medication schedules, closely observing patient responses.
- Developed confidence in addressing challenging cases, cultivating strong clinical judgment.
- Facilitated team-based treatment planning, actively contributing ideas for enhanced patient education.
- Fostered effective communication skills in fast-paced environments, ensuring positive patient experiences.
