STRENGTHS

- Empathy**
Easily builds rapport and creates trust among patients, which fosters positive care experiences.
- Collaboration**
Regularly work with healthcare teams to strategize optimal patient treatment paths, creating a cohesive care atmosphere.
- Communication**
Use clear, compassionate language, ensuring patients fully understand their health conditions and treatment options.
- Patient Advocacy**
Actively promote and prioritize patients' interests, making sure their voices are heard in treatment plans.
- Resilience**
Adapt effectively in high-pressure situations while maintaining dedication to patient wellness.

SUMMARY

Compassionate primary care physician with 4 years of experience in providing high-quality healthcare. Skilled in managing chronic conditions and conducting thorough examinations. Adept at developing personalized treatment plans tailored to diverse patient populations, including adolescents, adults, and the elderly. Committed to enhancing patient outcomes through effective communication. Eager to bring strong collaborative spirit and clinical expertise to a thriving practice while fostering partnerships in community health. Dedicated to actively engaging in care improvement initiatives that focus on patient well-being and health education.

EXPERIENCE

Primary Care Physician

HealthFirst Medical Group 📅 June 2022 - Present 📍 Aurora, IL

Deliver comprehensive primary care services, collaborating with a multidisciplinary team for optimal patient outcomes. Manage chronic illnesses and provide preventative education. Engage in ongoing quality improvement initiatives aimed at service enhancement within the clinic.

- Provide holistic primary care focused on addressing patient needs.
- Enhance chronic disease management protocols for better patient follow-up.
- Support preventive care efforts through health education workshops.
- Contribute to quality initiatives aimed at improving patient satisfaction.

Resident Physician

Caring Health Partners 📅 July 2019 - May 2022 📍 Chicago, IL

Conducted residency training in internal medicine, emphasizing patient-centered care methods. Addressed both acute and chronic medical conditions effectively through continuous learning and hands-on experience.

- Conduct health assessments with a focus on diverse population healthcare.
- Assist with management strategies for complex medical conditions.
- Participate in outreach programs to increase community health awareness.
- Engage in research relating to healthcare disparities in underserved areas.

LEADERSHIP & AWARDS

- Recognition for exemplary patient care during residency.
- Awarded for leadership in a community health project focusing on preventive care.

EDUCATION

Doctor of Medicine (MD)

University of Illinois College of Medicine 🎓 GPA: 3.8 📅 2019 📍 Chicago, IL

Coursework: Internal Medicine, Family Medicine, Pediatrics, Geriatrics
