SUMMARY

Accomplished Principal Product Designer with over 10 years of experience leading design initiatives in high-growth tech environments. Expert at creating user-centric solutions that transform complex workflows into seamless experiences. Proven track record collaborating with executive teams to define product strategies and drive innovation. Passionate about leveraging agentic AI to enhance user interactions and operational efficiency, striving to produce designs that resonate both practically and emotionally. Committed to fostering an environment where creativity exceeds expectations while ensuring designs meet strict usability standards.

EXPERIENCE

Principal Product Designer

Innovatech Solutions 📅 January 2022 - Present 📍 Chicago, IL

Lead design efforts at Innovatech Solutions, a prominent tech company specializing in AI solutions, by aligning strategic vision with user-driven requirements.

- Spearheaded comprehensive redesigns improved user engagement through targeted stakeholder research and testing.
- Collaborated closely with cross-functional teams to refine our product strategy, increasing user satisfaction scores significantly.
- Invented new interaction patterns for AI platforms, enhancing user trust and streamlining automated processes.
- Facilitated workshops within the design team, promoting innovative thinking and encouraging participation in problem-solving.
- Mentored upcoming designers, sharing knowledge on best practices and guiding their professional journeys.
- Streamlined design documentation to improve interdepartmental communication between design, engineering, and product units.

Senior UX Designer

Techwave Industries 📅 June 2017 - December 2021 📍 New York, NY

Drove UX design initiatives as part of a senior design team focused on enterprise-level software solutions.

- Designed advanced enterprise software that addressed different user personas and enhanced client operational workflows.
- Led extensive user research that informed critical design decisions, significantly improving product usability.
- Implemented feedback loops between users and development, ensuring continuous enhancement throughout the product lifecycle.
- Conducted testing sessions exposing user pain points that were addressed, reducing user errors considerably.
- Partnered with various departments aligning firm objectives with user insights, driving the success of product launches.
- Advocated for design accessibility, enriching inclusivity across all users' product experiences.

Product Designer

Creative Innovations 📅 March 2014 - May 2017 📍 Los Angeles, CA

Contributed to the design of intuitive mobile applications, focusing on enhancing user experience and stakeholder engagement.

- Developed engaging interface designs that optimized navigation and promoted user retention rates.
- Collaborated with key stakeholders for requirement gathering that led to outcomes meeting business expectations.

STRENGTHS

- ✍ **Creativity**
Constantly developed unique and innovative design ideas that have transformed how users interact.
- ♥ **User Empathy**
Empathetically approached design challenges, enhancing products aligned with emotional connectivity.
- 👥 **Collaboration**
Worked effectively with teams, earning respect and being recognized as a dependable partner.
- ✚ **Adaptability**
Quickly acclimated to project demands and changes in the fast-paced tech ecosystem.
- 🗉 **Mentorship**
Encouraged growth among junior designers by sharing insights and constructive feedback consistently.
