EXPERIENCE

Principal Technical Product Manager

FutureTech Innovations 📅 January 2021 - Present 📍 Dallas, TX

Lead demand planning initiatives by collaborating with various teams to ensure alignment with business strategies and anticipation of market demands. Manage sprint backlogs and developments while maintaining focus on MVPs and quarterly releases. Actively mentor junior members to inspire technical excellence and cultural advancement within the team.

- Steered demand planning projects aligning them with organizational goals, ultimately strengthening client trust.
- Collaborated with engineering and UX teams, producing innovative features that enhanced functionality significantly.
- Maintained and prioritized sprint backlogs to support timely deliveries and adaptability.
- Fostered a culture of technical growth by mentoring incoming team members.

Senior Project Manager

Supply Chain Dynamics 📅 June 2016 - December 2020 📍 Houston, TX

Oversaw multiple significant supply chain projects focused on enhancing forecasting accuracy and streamlining operations. Built strong relationships with clients to tailor solutions that not only satisfied but frequently surpassed expectations.

- Directed essential projects seen as key drivers for efficiency improvements within supply chain processes.
- Engaged actively with clients, translating their requirements into actionable project plans with remarkable outcomes.
- Conducted internal training sessions centered around agile methodologies, resulting in improved project execution.
- Championed process improvements that led to better resource allocations across project lines.

Project Manager

Logistics Solutions Group 📅 August 2013 - May 2016 📍 San Antonio, TX

Managed key projects designed to optimize supply chain efficiencies and enhance service delivery. Acted as a bridge between data analysis and strategic decisions, impacting project trajectories positively.

- Facilitated efficient project timelines, maintaining high levels of stakeholder engagement throughout.
- Utilized analytical insights to influence direction in demand planning and operational strategy.
- Collaborated with mixed-disciplinary teams ensuring consistent achievement of project goals.
- Regularly communicated intricate details with stakeholders, creating transparency and confidence.
