SUMMARY

Dedicated Physician Assistant with over 8 years of experience in diverse healthcare settings, specializing in outpatient procedures and patient management. Proven ability to perform comprehensive assessments, assist in endovascular procedures, and coordinate patient care in collaboration with multidisciplinary teams. Holds NCCPA certification, along with ACLS and CPR certifications, ensuring adherence to the highest standards of medical practice. Committed to enhancing patient education and satisfaction through effective communication and empathetic care, ensuring that each patient's unique needs are met with diligence and respect.

EXPERIENCE

Physician Assistant

HealthCare Partners 📅 March 2022 - Present 📍 Kansas City, MO

Positively influenced patient outcomes by delivering medical services under physician supervision, performing endovascular procedures, and guaranteeing patient safety.

- Performed a variety of physician-approved procedures independently while assisting in complex cases.
- Conducted thorough patient assessments, including history taking and physical examinations, informing actionable treatment plans.
- Reviewed diagnostic test results essential for physicians in determining the correct patient treatment course.
- Maintained meticulous patient records, ensuring alignment with healthcare regulations and excellence in documentation practices.
- Educated patients and families regarding medical procedures and findings, significantly promoting informed decision-making.
- Streamlined communication within teams, enhancing patient care delivery efficiencies.

Physician Assistant

Metro Health Clinic 📅 June 2018 - February 2022 📍 Springfield, MO

Focused on quality patient care by executing invasive procedures and managing intricate aspects of patient interactions and scheduling.

- Assisted in various complex procedures underscoring strict adherence to safety guidelines and established best practices.
- Managed patient scheduling and follow-up calls, optimizing continuity of care and heightening patient engagement.
- Developed robust medical histories for patients, enabling efficient decision-making and detail-rich care strategies.
- Collaborated with physicians to review lab results, directly impacting modifications in treatment plans.
- Provided intensive post-procedure evaluations ensuring recovery direction followed optimal health pathways.
- Participated in clinics quality improvement initiatives, actively contributing to service enhancements in patient experiences.

Physician Assistant

River Valley Medical Center 📅 January 2016 - May 2018 📍 Columbia, MO

Delivered exceptional outpatient care focusing on tailored patient-centric approaches for diverse health scenarios.

- Effectively conducted pre-procedure assessments collaborating closely with interdisciplinary teams.
- Mentored new staff on procedural protocols and best practices to ensure seamless integration into clinical operations.
- Upheld regulatory compliance, crucially maintaining certifications and licenses necessary for practice.
