## SUMMARY

---

Dedicated and results-oriented healthcare management professional with five years of clinical operations expertise, particularly in program management. Combines leadership qualities with strategic planning capabilities for effective healthcare delivery and compliance with regulatory standards. Proven success in leading cross-functional teams towards process improvements and quality assurance initiatives. Eager to contribute insight and drive effective member care while ensuring seamless project execution and adherence to internal operational protocols.

## EXPERIENCE

---

### Healthcare Program Manager

March 2021 - Present

HealthBridge Solutions

Los Angeles, CA

Position involves overseeing multiple healthcare projects aimed at enhancing service delivery and compliance. Collaborates effectively with diverse teams to meet organizational benchmarks and align project outcomes with healthcare standards.

- Spearheaded the delivery of various healthcare programs focusing on regulatory compliance and quality enhancements.
- Cultivated strong relationships with external vendors, validating that all project deliverables met established superiority and quality criteria.
- Conducted thorough audits directing educational needs identification for staff across services, leading to bespoke training implementations.
- Worked closely with stakeholders transforming operational requirements into practical goals aligning near-term outputs with long-term strategies.
- Generated comprehensive business requirement documentation (BRDs), streamlining communication regarding new initiatives throughout departments.
- Utilized feedback from service audits to continually revise and improve current quality improvement processes.

### Clinical Operations Coordinator

January 2019 - February 2021

Caring Hands Health Services

Los Angeles, CA

Managed daily clinical operations with a focus on optimizing utilization and care management workflows. Coordinated efforts among interdisciplinary teams to streamline patient treatment processes and ensure effective compliance across departments.

- Analyzed key performance data identifying areas needing attention resulting in enhanced care team efficiencies.
- Led training initiatives fostering staff adherence to evolving compliance and quality standards.
- Engaged with multidisciplinary professionals ensuring a cohesive implementation of patient-centered care plans.
- Monitored hygiene critical transitions ensuring continuity in patient services post-care interventions.
- Conceptualized and executed critical improvements improving overall patient satisfaction through quality adjustment methods.

### Healthcare Analyst

June 2016 - December 2018

WellCare Innovations

Los Angeles, CA

Assisted in analysis supporting strategic decision-making within healthcare program management roles. Successfully drove projects focused on best practices while gathering patient outcome metrics for ongoing improvement.

- Facilitated solution formation by analyzing operational data paving ways for innovative process enhancement strategies.
- Researched and reported on industry best practices, providing vital support to upper management in reviewing and approving changes.
- Enhanced staff competency with tailored training materials addressing compliance mandates and operational protocols.
- Transformed reporting systems by implementing dashboards for accessibility to crucial performance indicators.
- Supported project managers by assisting with audits and evaluations to identify and expedite potential service discrepancies.
