SUMMARY

Experienced **project manager** supporting operational delivery, reporting, documentation, **compliance activities**, record accuracy, and **stakeholder coordination** across **professional services** environments. Analyzes business information, identifies process issues, and turns findings into practical workflow improvements. Leads priorities across cross functional teams, maintains consistent records, and prepares clear updates for internal partners. Uses Microsoft Office and business systems to organize information, support audits, track work, and inform decisions. Brings calm structure to complex assignments, combining careful analysis with direct communication and dependable follow through. Recent work has strengthened documentation practices, improved process consistency, and supported reliable operational outcomes. Ready to contribute organized project leadership, thoughtful problem solving, and useful reporting that help teams work with greater clarity and control.

EXPERIENCE

Senior Project Manager, Operations Support

January 2023 - Present

Northbridge Services

Dallas, TX

Leads operational activities, reporting, documentation, stakeholder priorities, and continuous improvement efforts across multiple business workstreams. Supports decision making through structured analysis, clear records, and concise communication with internal partners.

- Coordinated operational priorities across stakeholders, keeping work aligned with business requirements.
- Analyzed **reporting** data and records, giving leaders clearer information for decisions.
- Standardized documentation practices, improving consistency across recurring operational workflows.
- Prepared concise updates for **internal partners**, clarifying findings, risks, and next actions.
- Resolved process issues through structured analysis, restoring steady execution across workstreams.
- Supported continuous improvement initiatives, helping teams reduce friction in daily operations.

Project Manager, Operations Support

June 2020 - December 2022

Regional Solutions Group

Plano, TX

Supported daily operational delivery, project coordination, compliance activities, reporting requirements, documentation, and workflow tracking. Connected internal teams through organized communication and practical process recommendations that supported dependable service delivery.

- Coordinated daily operational delivery, keeping project actions visible across internal teams.
- Maintained accurate documentation and tracking records for recurring business activities.
- Supported **compliance activities** and **reporting** requirements through organized evidence collection.
- Connected internal teams through timely **communication**, reducing confusion around project handoffs.
- Evaluated process issues and recommended improvements grounded in observed workflow needs.
- Used business tools to organize information, strengthen tracking, and support reliable execution.

PROJECTS

Operational Reporting Framework 📅 2024

Created a practical reporting framework for recurring operational updates, record review, stakeholder communication, and process findings. Clear formats helped internal partners locate information and act with greater confidence.

Compliance Documentation Review 📅 2022

Organized compliance documentation and audit support materials into a consistent review process. The work made records easier to locate, compare, and communicate across participating teams.

LEADERSHIP & AWARDS

- Received senior leadership recognition for dependable operational coordination and clear internal reporting.
- Selected for project leadership recognition after improving documentation consistency across recurring workflows.
- Recognized by peers for practical problem solving during cross functional process reviews.
