SUMMARY

Compassionate and dedicated Psychiatric Nurse Practitioner with over 5 years of experience in providing high-quality behavioral health care. Proven expertise in medication management and patient-centered service, ensuring optimal emotional and cognitive well-being for patients in skilled nursing and senior living settings. Strong collaborator adept at building trusting relationships with interdisciplinary teams, enhancing care continuity, and improving patient outcomes through evidence-based practices. Deeply committed to fostering a supportive environment that prioritizes open communication and trust with patients and families.

STRENGTHS

-  **Patient-Centered Care**
 Built trusting relationships with patients, leading to increased engagement and adherence to treatment plans.
-  **Interdisciplinary Collaboration**
 Regularly consulted with diverse healthcare professionals to optimize patient treatment strategies and improve outcomes.
-  **Communicative Skills**
 Adapted communication style for diverse audiences, enhancing understanding and emotional safety among patients and families.
-  **Empathy**
 Demonstrated deep empathy towards patients' struggles, fostering a reassuring atmosphere conducive to healing.
-  **Agility**
 Adapted to rapid changes in healthcare environments, maintaining high-quality care under intense pressure and complexity.

EXPERIENCE

Psychiatric Nurse Practitioner

Innovative Health Solutions 📅 January 2023 - Present 📍 Charlotte, NC

Oversees psychiatric evaluations and manages medication treatment plans within an integrated care model at a prominent healthcare organization. Collaborates extensively with multidisciplinary teams while aiming for improved health outcomes in diverse patient populations.

- Provided comprehensive psychiatric evaluations and medication management to diverse patient populations in skilled nursing facilities.
- Collaborated with interdisciplinary teams to develop and implement individualized care plans, promoting optimal mental health outcomes.
- Conducted routine patient rounding, assessing and monitoring mental health conditions, and adjusting treatment as necessary.
- Facilitated effective communication with patients, families, and facility staff, ensuring understanding and adherence to care plans.
- Utilized AI-driven tools to streamline clinical processes and enhance decision-making in patient care.
- Mentored and trained new staff in behavioral health best practices and patient-centered service techniques.

Nurse Practitioner

Caring Hands Health Services 📅 June 2020 - December 2022 📍 Raleigh, NC

Delivered holistic care focused on mental health and wellness for geriatric patients within a busy outpatient clinic setting.

- Developed treatment plans tailored to the unique needs of patients, utilizing evidence-based approaches to improve quality of life.
- Engaged in interdisciplinary collaboration, ensuring comprehensive care and continuity for patients transitioning between services.
- Implemented patient education programs that increased awareness and understanding of mental health issues.
- Maintained accurate and thorough patient records, ensuring compliance with healthcare regulations and standards.
- Participated in continuous professional development and training to remain updated on best practices in psychiatric care.

Nurse Practitioner

Wellness First Clinic 📅 January 2018 - May 2020 📍 Greensboro, NC

Managed psychiatric care focusing on chronic mental health conditions, driving long-term treatment strategies.

- Conducted detailed patient assessments and collaborated with healthcare teams to refine care strategies and improve patient experiences.
- Led workshops to educate patients and families about mental health resources and coping strategies.

- Treatment Planning
- Effective Communication
- Compassionate Listening
- Crisis Intervention
- Quality Improvement
- Community Outreach
- Clinical Documentation
- Professional Development

- Implemented quality improvement initiatives that resulted in enhanced patient satisfaction and care delivery efficiency.
- Maintained a supportive environment, fostering trust and open communication with patients and their families.
- Engaged in community outreach programs aimed at increasing access to mental health services.
