- Operational Efficiency

SUMMARY

Compassionate Registered Nurse specializing in behavioral health with solid experience in outpatient psychiatric care. Currently delivering direct care at Springwood Medical Center, effectively collaborating with multidisciplinary teams. Focused on implementing tailored treatment plans that enhance patient outcomes while ensuring compliance with healthcare protocols. Actively engages in shared governance to improve clinical practices. Proven effort in mentoring nurses and participating in quality improvement projects underscores commitment to professional growth and patient advocacy. Continual enthusiasm for learning new skills and seeking leadership opportunities drives impactful contributions.

EXPERIENCE

Registered Nurse

Springwood Medical Center 📅 June 2025 - Present 📍 Charlottesville, VA

Delivering direct care for diverse populations in a behavioral health clinic, employing individualized treatment approaches based on rigorous assessments. Collaborating closely with fellow healthcare professionals to design and implement holistic care plans that address the unique needs of patients. Engaging actively in shared governance initiatives offers robust opportunities for improving clinical strategies across the facility.

- Implemented comprehensive treatment plans enhancing patient engagement and satisfaction.
- Led feedback sessions with staff, promoting continuous practice improvements and fostering teamwork.
- Conducted patient evaluations regularly, adjusting interventions based on observed outcomes and stakeholder input.
- Active participant in mentorship programs, guiding new nurses through clinical protocols to cultivate confidence and competence.
- Strategized and executed performance improvement activities linked to operational efficiency.
- Promoted awareness of mental health resources within the community through outreach initiatives.

Nursing Intern

Valley View Hospital 📅 January 2025 - May 2025 📍 Harrisonburg, VA

Gained valuable experience in acute care settings, focusing on behavioral health and supporting mental wellness. Assisted senior staff in delivering patient care under supervision, fostering an environment of safety and professionalism. Involved in interdisciplinary team meetings to enhance collaborative approaches toward patient recovery.

- Assisted in executing initial clinical assessments and vital sign monitoring, ensuring accuracy in documentation.
- Supported the implementation of educational initiatives for patients regarding their treatment journeys.
- Contributed insights during team discussions, enhancing collective understanding of ongoing patient treatment progress.
- Provided essential support during the onboarding of incoming interns, guiding them through established procedures.
- Upholding hygiene standards facilitated a safe environment for patients and healthcare team alike.
- Fostered strong relationships with patients, emphasizing empathy in all interactions and interventions.
